a sociological analysis of the periodically recurring cycles of roman catholic religious life applying the theories and research on large scale social movements and on the internal dynamics of other intentional communities to the data presented in historical works on specific periods following an introductory chapter the extent of the problem

the first volume to explore various facets of contemporary change in consecrated religious life in selected central and eastern european countries this book presents a series of studies of catholic and orthodox monasticism with attention to changes in the economy everyday life organisation and social presence of monastic orders contributors shed light on the impact of 20th and 21st century social and cultural processes such as communism and its collapse or the growth of new communication technologies on life in the cloister bringing together research from various locations in central and eastern europe it will appeal to scholars and students of sociology

religious studies and theology with interests in religious orders and transformations of religious life from a social perspective

american congregations volume 2 new perspectives in the study of congregations builds upon the empirical foundation provided by the historical studies in volume 1 of the congregational history project volume 2 addresses three crucial questions where is the congregation located on the broader map of american cultural and religious life what are the distinctive qualities tasks and roles of the congregation or parish in american culture and what patterns of leadership characterize american congregations published simultaneously these two volumes combine engaging historical studies with incisive scholarly analysis to focus attention on the central role of congregational studies in research and teaching of american religion this two volume study of american congregations is of compelling importance to anyone interested in civil society community and belief in contemporary america extraordinarily rich in detail association for research on non profit organizations and voluntary action news an informative and stimulating study john a saliba journal of contemporary religion these congregational histories are important pieces of both social and religious history they tell us much about the convictions and experience of a great variety of people different styles of leadership and of how these distinctive local cultures both bear and shape the larger traditions they represent gordon harland studies in religion both volumes of american congregations resulted from pioneering efforts and they are timely and useful they should force american religious historians to ask new questions any american religious historian who fails to take this two volume work seriously in the future will find his or her own scholarship terribly deficient lewis v baldwin journal of american history

this book will be a classic in the field it does something no other book has done it shows with one of the most impressive sets of data i have ever seen what congregations do and how they go about doing it michael emerson author of divided by faith ammerman demonstrates rare mastery in a book that is brimming with original research and original thinking the material is well organized and the author has an eye for the well turned phrase this is a book of great importance that gives us an unprecedented picture of lived american religion while challenging stereotypes and conventional wisdom james wind president of the alban institute author of finding a new voice the public role of mainline protestantism

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

the seemingly vitalizing impact of religiosity on civil society is a research topic that has been extensively looked into not only in the usa but increasingly also in a european context what is missing is an evaluation of the role of institutionalized religious communities and of circumstances that facilitate or impede their status as civil society organisations this anthology in two volumes aims at closing this gap by providing case studies regarding political legal and historical aspects in various european countries vol i provides an introduction and looks at cases in greece italy the netherlands sweden and bosnia and herzegovina as well as chapters on legal issues and data and comprehensive bibliography

religion and community in the new urban america examines the interrelated transformations of cities and urban congregations the authors ask how the new metropolis affects local religious communities and what role those communities play in creating the new metropolis through an in depth study of fifteen chicago congregations catholic parishes protestant churches jewish synagogues muslim mosques and a hindu temple both city and suburban this book describes congregational life and measures congregational influences on urban environments paul d numrich and elfriede wedam challenge the view held by many urban studies scholars that religion plays a small role if any in shaping postindustrial cities and that religious communities merely adapt to urban structures in a passive fashion taking into account the spatial distribution of constituents internal traits and external actions each congregation s urban impact is plotted on a continuum of weak to moderate to strong thus providing a nuanced understanding of the significance of religion in the contemporary urban context presenting a thoughtful analysis that includes maps of each congregation in its social geographic setting the authors offer an insightful look into urban community life today from congregations to the places in which they are embedded
