a special note to doctors surgeons and practitioners unlocking the cause of patients symptoms do you have patients that after a surgery have complaints the suture is perfect it looks good but the patient starts to have symptoms that they never had before backache stomach ache foot pain something unusual that seemed to come up after the surgery i invite you to consider it has something to do with a scar i have had a lot of success with scar tissue and we ve seen so much success come out of treating scars every single doctor surgeon and practitioner should know what we found at natural healing center scars can cause arrhythmia pain backaches etc that have nothing to do with the original surgery scars block the meridians preventing the body s flow of energy and healing when we deal with the scars those symptoms go away i invite you to consider scar tissue therapy it

s the key to unlocking the cause of patients symptoms are you a patient this book can change your life the truth about scars roadblocks to healing is a book to help you understand why your scars can cause you to feel pain and keep you from healing it is a step by step book on how to heal your scars do you experience any of the following horrible headaches diminished eyesight deafness severe foot pain back pain strange phantom pains i have been doing scar tissue therapy for over 27 years and getting great results i have seen all types of scars that can cause a whole gamut of painful symptoms especially c section scars and stretchmarks after scar tissue therapy these symptoms go away it s important to know that when some people don t heal completely we are able to check the scars and find out how to heal the body doing scar tissue therapy

the deep pain of childhood abuse whether physical or emotional whether a child was neglected or wished nothing more than to be left alone doesn t just go away there s simply no just getting over it even if no physical scars remain as evidence of the victim s suffering the deep wounds on their minds hearts and souls are still there but it is possible to become whole and happy author of the successful healing the scars of emotional abuse dr gregory jantz now helps readers understand the effects of childhood abuse on their emotional intellectual physical relational and spiritual health he then outlines the steps to lasting healing including grieving what was lost learning to balance emotions with intentionality regaining a positive relationship with one s own body and mind and coming to an understanding of god not as a frightening authority figure like the abuser or an accusing judge but as a loving creator redeemer and friend
