the platonic forms of the platonic dialogues rebecca newberger goldstein author of plato at the googleplex a landmark one volume edition of the complete plato in classic translations this is a classic one volume edition of all the writings of plato generally considered to be authentic the editors edith hamilton and huntington cairns chose the contents from the work of the best modern british and american translators the volume contains prefatory notes to each dialogue by hamilton an introductory essay on plato s philosophy and writings by cairns and a comprehensive index with cross references to assist the reader with the philosophical vocabulary of the different translators

over one billion people use the internet globally psychologists are beginning to understand what people do online and the impact being online has on behaviour it s making us re think many of our existing assumptions about what it means to be a social being for instance if we can talk flirt meet people and fall in love online this challenges many of psychology s theories that intimacy or

understanding requires physical co presence the oxford handbook of internet psychology brings together many of the leading researchers in what can be termed internet psychology though a very new area of research it is growing at a phenomenal pace in addition to well studied areas of investigation such as social identity theory computer mediated communication and virtual communities the volume also includes chapters on topics as diverse as deception and misrepresentation attitude change and persuasion online internet addiction online relationships privacy and trust health and leisure use of the internet and the nature of interactivity with over 30 chapters written by experts in the field the range and depth of coverage is unequalled and serves to define this emerging area of research uniquely this content is supported by an entire section covering the use of the internet as a research tool including qualitative and quantitative methods online survey design personality testing ethics and technological and design issues while it is likely to be a popular research resource to be dipped into as a whole volume it is coherent and compelling enough to act as a single text book the oxford handbook of internet psychology is the definitive text on this burgeoning field it will be an essential resource for anyone interested in the psychological aspects of internet use or planning to conduct research using the net

this is an autobiography turned into fiction as the theme of the story is not interesting enough to entrance the audiences awareness and not interesting to become a big budget motion depiction it does not attract all the social lessons of all the races and nations and does not convey a message of slaughter to be lived by success to be dishonored and achievements to get pleasure from

some say that private law ought to correct wrongs or to protect rights others say that private law ought to maximise social welfare or to

minimise social cost in this book emmanuel voyiakis claims that private law ought to make our responsibilities to others depend on the opportunities we have to affect how things will go for us drawing on the work of hla hart and tm scanlon he argues that private law principles that require us to bear certain practical burdens in our relations with others are justified as long as those principles provide us with certain opportunities to choose what will happen to us and having those opportunities is something we have reason to value the book contrasts this value of choice account with its wrong and social cost based rivals and applies it to familiar problems of contract and tort law including whether liability should be negligence based or stricter whether insurance should matter in the allocation of the burden of repair how far private law should make allowance for persons of limited capacities when a contract term counts as unconscionable or unfair and when tort law should hold a person vicariously liable for another s mistakes
