controversial evangelical bible scholar, popular blogger, and podcast host of the Bible for Normal People and author of *The Bible Tells Me So* and *The Sin of Certainty* explains that the Bible is not an instruction manual or rule book but a powerful learning tool that nurtures our spiritual growth by refusing to provide us with easy answers but instead forces us to acquire wisdom. For many Christians, the Bible is a how-to manual filled with literal truths about belief that must be strictly followed, but the Bible is not static. Peter Enns argues it does not hold easy answers to the perplexing questions and issues that confront us in our daily lives. Rather, the Bible is a dynamic instrument for study that not only offers an abundance of insights but provokes us to find our own answers to spiritual questions, cultivating God's wisdom within us. The Bible becomes a confusing mess when we expect it to function as a rulebook for faith, but when we allow the Bible to determine our expectations, we see that wisdom, not answers, is the Bible's true subject matter.

writes enns this distinction he points out is important because when we come to the bible expecting it to be a textbook intended by god to give us unwavering certainty about our faith we are actually creating problems for ourselves the bible in other words really isn't the problem having the wrong expectation is what interferes with our reading rather than considering the bible as an ancient book weighed down with problems flaws and contradictions that must be defended by modern readers enns offers a vision of the holy scriptures as an inspired and empowering resource to help us better understand how to live as a person of faith today how the bible actually works makes clear that there is no one right way to read the bible moving us beyond the damaging idea that being right is the most important measure of faith enns's freeing approach to bible study helps us to instead focus on pursuing enlightenment and building our relationship with god which is exactly what the bible was designed to do
