loom book was inspired by a book titled the book of looms by eric broudy which combed through the historical development of weaving looms across geographical locales including egyptian tombs a ninth century viking ship in norway the gobelin workshop of paris and the silk road when i first encountered this book in 2018 i was deeply fascinated by the designs of these devises some as simplistic as a person and a tree yet already encompassed the profound logic of warp and weft according to the photos and the descriptions of that book i made 20 loom drawings as note taking and 4 years later i found a way to restage the choreography and logic of weaving in book form inviting the reader s hands to dance as the weaver s do artist s website viewed april 7 2023

learn how to identify handmade rugs using techniques employed by experts without having years of experience if you want a more in depth understanding of how experts identify rugs then this ebook is what you ve been searching for but first a warning this ebook is not for everyone there are many fine books which address history geography and designs but they omit an important factor which experts rely on for identification the specific weave pattern found on the back of the rug if you wish to go beyond a cursory understanding of rugs this is the ebook for you the art of oriental rugs a weaver s perspective presents an insider look which examines what is a weave what causes it and how to recognize it this work is the result of examining hundreds of pieces through three years of intensive research this is the first extended toolkit of its kind to demonstrate different persian rugs woven in the country of iran weaves based on their region and explore why they look the way they do the goal is to establish generally accepted weave patterns attributed to each rug weaving region in iran it is more than just samples from iran however it also includes pieces from caucasus turkey china turkmen and others with 1800 pages it provides ample opportunity for an in depth examination of weaves and many samples to aid in identification depending on your level of interest you can go as deep as you wish in understanding why weaves look the way they do on the back of each rug although this work can be viewed on smaller screens to be able to properly examine pictures including characteristics unique to each piece it is intended for larger screens 8 inch or larger it includes 500 pictures of rugs woven in iran persian which are available in the market today it includes 750 closeup pictures of weaves from the backs of rugs from 170 weaving regions around the world including iran persian caucasus turkey china turkmen and others this will aid in identifying rug origins it also includes maps of each region with the different weaving types to help better understand how the regions use similar different weaving techniques
