this book examines the planned disaggregation of the global structures of the cold war in the final years of a decades long era of bipolarity the united states and the soviet union co managed a continental transformation that erased europe s iron curtain

thorough discourse and rigorous analysis enlivened by wit offers a classic exposition of the endgame commentary statistics and more than 400 studies have been completely revised and updated by the author

a must addition to your library there are already many endgame books so why this one well most books deal with elementary endgames or are very advanced and contain few exercises but you have only really learned something when you can execute it at the board with the clock ticking and solving exercises is very close to this scenario the authors present 450 endgame exercises designed to improve your understanding of

endgame theory and sharpen your endgame expertise starting with the chapter specific positions to know they take you on a journey with just the right mix of practical advice and theoretical knowledge endgame corner is detailed well researched informative and in depth with both authors sharing their experiences recent games and new examples i really like this material and hope that you will as well if you are fascinated by endings or feel the need to improve this part of your game this book is a must addition to your library from the foreword by wesley so about the authors german grandmaster karsten müller hosts the popular chessbase series endgame magic and american grandmaster alex fishbein writes an endgame column for the american chess magazine they are two of the world's renown endgame experts they were the editors of the fifth edition of the best selling dvoretzky endgame manual and they also collaborated on the fasttrack edition of dem5

the first edition of dvoretzky's endgame manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame the second edition is revised and enlarged now over 400 pages covering all the most important concepts required for endgame mastery i am sure that those who study this work carefully will not only play the endgame better but overall their play will improve one of the secrets of the russian chess school is now before you dear reader from the foreword to the first edition by grandmaster artur yusupov going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate variations what really impresses me is the deep level of analysis in the book all i can say is this is a great book i hope it will bring you as much pleasure as it has me from the preface to the first edition by international grandmaster jacob aagaard here's what they had to say about the first edition dvoretzky's endgame manual may well be the chess book of the year it comes close to an ultimate one volume manual on the endgame lubomir kavalek in his chess column of december 1 2003 in the washington post dvoretzky's endgame manual is quite simply a masterpiece of research and insight it is a tremendous contribution to endgame literature certainly the most important one in many years and destined to be a classic of the literature if it isn't

already one the famous trainer mark dvoretzky has put together a vast number of examples that he has not only collected but analysed and tested with some of the world's strongest players this is a particularly important book from the standpoint of clarifying correcting and extending the theory of endings most of all dvoretzky's analysis is staggering in its depth and accuracy john watson reviewing dem at the week in chess 2003 book of the year jeremysilman com 2003 book of the year seagaard chess reviews this is an extraordinary good chess book to call this the best book on endgames ever written seems to be an opinion shared by almost all reviewers and commentators and i must say that i am not to disagree erik sobjerg

this collection of essays the first volume in the dialogue series brings together new and experienced scholars to present innovative critical approaches to samuel beckett's play endgame these essays broach a broad range of topics many of which are inherently controversial and have generated significant levels of debate in the past critical readings of the play in relation to music metaphysics intertextuality and time are counterpointed by essays that consider the nature of performance the history of the theater and the music hall beckett's attitudes to directing his play and his responses to other directors this collection will be of special interest to beckett scholars to students of literature and drama and to drama theorists and practitioners

a sober analysis of the risks and benefits of engaging with armed groups proscribed as terrorist and the sometimes contradictory impact of counterterrorist policies

the fourth edition of a modern classic when you are serious about improving your endgame skills it is time for dvoretzky's endgame manual perhaps the best known and most respected instructor of world class chessplayers mark dvoretzky has produced a comprehensive work on the endgame that will reward players of all strengths for those ready to immerse themselves in endgame theory there may be no better manual available today but even if you do not play at master level the book has been designed to help your endgame too basic theories and must know concepts are highlighted in blue you may skip the more complex analysis focus on the text in blue and still improve your

endgame technique when it appeared in 2003 the first edition of dvoretzky s endgame manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame the enlarged and revised fourth edition is better than ever i am sure that those who study this work carefully will not only play the endgame better but overall their play will improve one of the secrets of the russian chess school is now before you dear reader from the foreword to the first edition by grandmaster artur yusupov going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate variations what really impresses me is the deep level of analysis in the book all i can say is this is a great book i hope it will bring you as much pleasure as it has me from the preface to the first edition by international grandmaster jacob aagaard here s what they had to say about the first edition dvoretzky s endgame manual may well be the chess book of the year it comes close to an ultimate one volume manual on the endgame lubomir kavalek in his chess column of december 1 2003 in the washington post

perhaps the greatest beauty in chess can be found in endgame studies delightful twists and turns on the board are combined into true works of art in studies chess is distilled into its purest form with all pieces making only the most essential moves endgame studies are also useful exercises for practical chess players as they show patterns improve calculation and inspire out of the box thinking grandmaster jan timman has been fascinated by endgame studies since his youth the artistry and perfection have always appealed to him in recent years his focus has shifted from practical chess to composing endgame studies and many of his compositions have won awards timman

wrote about composing in the art of the endgame new in chess revised edition 2023 in this new book timman presents the one hundred greatest endgame studies in five chapters he guides you through masterpieces of increasing difficulty beginning with elementary endings such as the réti and lasker manoeuvres the studies include themes such as minor promotion zugzwang and domination all beautifully illustrated and clearly explained by the time you reach the final chapter with the most complicated examples you will be amazed at the myriad possibilities of chess and inspired to add more finesse to your own endgame play

the fine art of the endgame study the chess endgame study has a long and storied history and occupies a unique place in chess because of its similarity to practical play many studies contain beautiful ideas and combinations solving or even simply playing through endgame studies is an effective method of studying the strategic and tactical elements of play and contributes to the growth of the number of fans of this chess art however many chessplayers are unaware or apprehensive of endgame studies the studies seem to be almost other worldly but now for the first time a world class endgame composer explains the basics of studies from the basic terms and themes to solving and even composing endgame studies if you have always wanted to explore endgame studies but thought they were too abstract or difficult this book is for you the author breaks down all the basic themes with examples and clear explanations the book you are holding a first of its kind is a complete practical guide to the wonderland of our fine art aimed at leading you to your upcoming solving and composing adventures by a world class expert from the foreword by yochanan afek whether you are seeking to improve your tactical and strategic endgame skills or just wish to enjoy the beauty and aesthetic appeal of endgame studies let oleg pervakov open the door to the fine art of the endgame study

the fifth edition of a modern masterpiece when it appeared in 2003 the first edition of dvoretzky s endgame manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame the enlarged and revised fifth

edition is better than ever here is what vladimir kramnik the 14th world champion had to say in his foreword to the fifth edition i consider dvoretzky s endgame manual an absolute must for every chess professional and no less important even for a club player i always recommend this book i consider it to be one of the very best chess books published in recent times and i am very pleased with the new enhanced edition german grandmaster karsten müller widely recognized as one of the best endgame theoreticians in the world today has carefully updated the fifth edition with the help of american grandmaster alex fishbein the incredible instructional value of the exercises has been preserved and the blue text used in the first four editions has been replaced with text with a light grey background here s what they had to say about the first edition dvoretzky s endgame manual may well be the chess book of the year it comes close to an ultimate one volume manual on the endgame lubomir kavalek in his chess column of december 1 2003 in the washington post dvoretzky s endgame manual is quite simply a masterpiece of research and insight most of all dvoretzky s analysis is staggering in its depth and accuracy john watson at the week in chess 2003 book of the year jeremysilman com 2003 book of the year seagaard chess reviews

three seminal philosophical texts by f w j schelling arguably the most complex representations of german idealism are clearly presented here for the first time in english included are schelling s treatise explicatory of the idealism in the science of knowledge 1797 system of philosophy in general 1804 and stuttgart seminars 1810 of these texts the treatise constitutes the most comprehensive critical reading of kant and fichte by a contemporary thinker and as a result proved seminal to samuel taylor coleridge s efforts at interconnecting english romanticism and german speculative thought extending his early critique of subjectivity schelling s system of philosophy in general and his stuttgart seminars launch a far more radical inquiry into the notion of identity a term which for schelling increasingly reveals the contingent nature and inescapable limitations of theoretical practice an extensive critical introduction relates schelling s work both to his philosophical contemporaries kant fichte and hegel as well as to the contemporary debates about theory in the humanities the book includes

extensive annotations of each translated text an excursus on schelling and coleridge a comprehensive multi lingual bibliography and a glossary

in chess strategy edward lasker embarks on an intellectual exploration of the principles that govern effective chess play transcending mere tactics to delve into the strategic depth required for mastery of the game lasker employs a didactic and engaging literary style enriched with illustrative examples from classical games making complex concepts accessible to players of varying skill levels his meticulous approach places this work within the wider canon of chess literature appealing to both enthusiasts and aspiring grandmasters seeking to understand the intricate patterns that inform high level play edward lasker a noted chess master and prolific writer rose to prominence during the early 20th century and developed a keen insight into the dynamics of competitive chess influenced by his participation in numerous tournaments and interactions with contemporary luminaries lasker s firsthand experiences in the chess community coupled with his educational background in mathematics and engineering led him to elucidate strategies that not only enhance one s gameplay but also enrich the intellectual pursuit of the game itself for anyone looking to improve their chess acumen chess strategy is an indispensable resource lasker s blend of theoretical insight and practical advice provides a solid foundation upon which players can build their skills making it a worthwhile addition to the bookshelf of any serious chess enthusiast
