the new sustainable development agenda is expected to touch every country person and activity therefore shouldnt every dollar count toward achieving it asia and the pacific home to more than half of humanity has the money to improve the lives of all its people and protect the planet in fair and durable ways however funds are in many hands invested elsewhere or used for various purposes it is time to move beyond this fragmentation and align finance behind sustainable development recognizing that while capital will be key so will the capacity to apply and attract it effectively this report explores some of the ways forward it highlights not just the need to inject more money into investments that contribute to sustainable development but also the need to attract funds toward them to finance human needs infrastructure and cross border public goods the report spans public and private options in their distinct roles and in combination an eight point agenda suggests how key constituents can do their parts working together they can make money work for development where benefits are not only more equitably shared but will last for generations to come

the psychology of money gujarati edition timeless lessons on wealth greed and happiness doing well with money isn't necessarily about what you know it's about how you behave and behavior is hard to teach even to really smart people how to manage money invest it and make business decisions are typically considered to involve a lot of mathematical calculations where data and formulae tell us exactly what to do but in the real world people don't make financial decisions on a spreadsheet they make them at the dinner table or in a meeting room where personal history your unique view of the world ego pride marketing and odd incentives are scrambled together in the psychology of money the author shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important matters

vols 24-52 include the proceedings of the american numismatic association convention 1911-39

the experience of mexican nationals who send money home from the united states forms the basis for this study the authors identify three stages of the remittance process the first mile when decisions are in the hands of the remittance sender the intermediary stage comprising systems that facilitate the cross border transfer of funds and the last mile where the funds reach the hands of the remittance recipient this analysis covering the last eight years may provide guidance for other remittance sending and receiving countries that seek to encourage formalization of the flow
