this work investigates the close relationship between language and culture it explains key concepts such as social context and cultural authenticity using insights from fields which includes linguistics sociology and anthropology

this book takes cultural knowledge in language learning not only as a necessary aspect of communicative competence but as an educational objective in its own

right if the aim of foreign language education is to foster cross cultural awareness and self realization language pedagogy needs to come to grips with a range of fundamental issues what do we mean by cultural context can discourse practices be taught like rules of grammar what role does literature play in the development of second language literacy how can learners acquire both an insider s and an outsider s understanding of the foreign culture as expressed through its language by exploring these and other issues the book can help language teachers reflect on their profession and place it within its larger societal and educational context in turn they can help learners become not only skilful users of the language but also active architects of a new cross cultural world order

the book presents a new theory of the relationship between language and culture in a transnational and global perspective the fundamental view is that languages spread across cultures and cultures spread across languages or in other words that linguistic and cultural practices flow through social networks in the world along partially different paths and across national structures and communities

kramsch combines insights from linguistics anthropology and sociology to show how language represents and constructs social reality

the perceived lack of understanding of cultural diversity in the american learning community has led instructors to challenge assumptions and stereotypes while addressing misconceptions teachers of foreign languages and cultural studies in particular feel the need to redesign curricula and lesson plans to better serve the learning community of the twenty first century the common starting point resides in the paradox that exists in today s connected world while global access to information makes learners aware of the infinite variety of cultural diversity it does not however make them critical thinkers for this reason there is opportunity to reshape critical thinking within a more global perspective while enhancing the tools to identify interpret and compare the different cultural models that learners encounter the book demonstrates the theories and practical applications by which instructors use contemporary film to provide insightful readings on diverse local communities communities that form the basis of global culture this collection of essays will serve as a pedagogical tool and resource offering methods and examples of a communicative approach to analyze and integrate cultural diversities similarities and problems in the second language curricula methods that expose students to different cultural models while scaffolding their critical approach to multiple layers of common and specific values this work will encourage a dialogue and long lasting conversation on methodologies and teaching strategies rethought reapplied and remolded to the new learning environments

looks at the teaching of language and culture in a globalized world

instructors in today s language classrooms face the challenge of preparing globally competent and socially responsible students with transcultural aptitude as classroom content shifts toward communication collaboration and problem solving across cultural racial and linguistic boundaries the teaching of culture is an

integral part of foreign language education this volume offers nontraditional approaches to teaching culture in a complex time when the internet and social networks have blurred geographical social and political borders the authors offer practical advice about teaching culture with kinesthetics music improvisation and communication technologies for different competency levels the chapters also explore multi literacies project based learning and discussions on teaching culture through literature media and film the appendices share examples of course syllabi specific course activities and extracurricular projects that explore culinary practices performing arts pop culture geolocation digital literacy journalism and civic literacy

anglophone literature in second language teacher education proposes new ways that literature and more generally culture can be used to educate future teachers of english as a second language arguing that the way literature is used in language teacher education can be transformed the book foregrounds transnational approaches and shows how these can be applied in literature and cultural instruction to encourage intercultural awareness in future language educators it draws on theoretical discussions from literary and cultural studies as well as applied linguistics and is an example how these cross discipline conversations can take place and thus help make second language teacher education slte programs more responsive to the challenges faced by future english language teachers written in the idiom of literary scholarship the book uses ideas of intercultural studies that have gained widespread support at research level yet have not affected literature cultural curricula in slte as the first interdisciplinary study to suggest how slte programs can respond with curricula this book will be of great interest for academics scholars and post graduate students in the fields of applied linguistics l2 and foreign language education teacher education and post graduate tesol it has universal appeal addressing teaching faculty in any third level institution that prepares language teachers and includes literary studies in their curriculum as well as administrators in such organizations

seminar paper from the year 2013 in the subject communications intercultural communication grade 2 7 akad university of applied sciences stuttgart language english abstract the statement communication is culture and culture is communication by edward twichell hall tries to sum up what culture and communication means and even how these words are connected with each other but how did he came to this conclusion and why did he believe in this relationship between communication and culture as a consequence another interesting question in this context could be what was first communication or culture on the following pages i would like to take a closer look at the statement by edward t hall in addition to that i will try to give specific examples to find out whether if this statement in my opinion is true or false
