to become a witch or not to become a witch that is the question at least that's the question kara heather and stella three of the gypsy healers are facing the high fae ambassador perizada the healers and a host of wolves are in a race against time to create the witch army that volcan desires but they must also keep the gypsy healers beings of pure light and goodness from becoming evil in the process should be a piece of cake meanwhile the werewolf males are fighting their innate hunger to mark their mates and finish the blood rites thereby keeping their own darkness at bay if they remain unbound a chink forms in the packs armor one that volcan won't hesitate to exploit when he finds it

with the challenge complete and the corrupt alpha of coldspring defeated fane is now free to complete the mate bond with jacque and perform the blood rites although the challenge is done the effects are far reaching once it is known that vasile one of the strongest alphas in the world is in america specifically coldspring tx there is one alpha who cannot overlook the significance of this an alpha who happens to share jacque's dna but is this the one she needs to fear with her mom driving and her two best friends jen and sally in tow jacque set off for her happily ever after she will soon realize a plan has been put in motion that will change her course and possibly tear her from fane's grasp forever it will take a wolf pack her mother's love her two best friend's unrelenting determination her own will to survive and the undying love of her mate to bring her home the question remains if she fights if she endures who will she be what will be left once she is back in her mate's arms

supernatural war is on the horizon and no one will escape unscathed enemy after enemy foe after foe has fallen before the combined might of the romanian grey wolves and their allies among the supernatural races but now the alliance doesn't fight a single supernatural threat it's no longer a single coven of vampires a lone deranged warlock or a rogue pack that threatens their safety now the wolves face a unified force of evil the order of the burning claw the order needs a representative from every supernatural race to unleash a spell that will enslave humanity forever and they've just recruited one of their most powerful members the order will stop at nothing to gain power including kidnapping the pack's children and its beleaguered healer the romanian pack would love nothing more than to bring the wrath of the great luna down upon their foes but how can they do that when their enemies hold captive the pack's greatest treasures before this is over bonds will be tested a new leader will rise and all hell will break loose

with peace finally descending on the romanian grey wolves longtime fae ambassador to the wolves perizada has been given a new mission by the great luna but peri's desire for revenge against her sister lorelle burns in her heart further complicating matters the great white wolf lucian lupei has been returned to the pack after centuries trapped in the dark forest and it appears he is destined to be with peri can she put aside her thoughts of vengeance long enough to accept lucian's love and complete her mission

long ago during the great purge the witches that had grown too many in number and too powerful were destroyed the high fae council saw that the balance of good and evil had been tipped too far in one direction and it had to be rectified so they killed all of the witches and their creator or so they thought but they were wrong volcan the high fae who had once been a member of their council until he decided he wanted to be all powerful and created the witches had bided his time hiding in the dark forest now he's back and hell bent on rebuilding his army of witches only this time he's set his eyes on the gypsy healers to

be the tool from which he creates them he already has two of the newly found healers jewel and anna with his blood running in their veins and though he thinks he's got it all planned out what volcan hadn't calculated into his formula of healers his blood witches was the healer's mates dalton and gustavo both males are more than ready to sink their teeth into the high fae who has taken their females with the darkness closing in on all four of them it is a toss up as to who will succumb to it first meanwhile the healers and wolves peri had stashed in the pixie realm are sitting ducks with the veil between them and the human realm locked the mates of those healers are holding onto their self control by a thread as they try to figure out a way to get them out of the pixie realm perizada is once again fighting for those who are under her protection while at the same time trying not to kill them herself considering the healers tend to do stupid heroic stuff and the wolves just do stupid stuff period it's not certain who will destroy who the only thing that was certain none of them was willing to surrender throw in a powerful eccentric djinn who has suddenly gotten bored and things are guaranteed to get messy this is the continuation of the story of the five gypsy healers the fae who protects them and the wolves whose wrath will consume any who come between them

like all young couples jason o'neal and his wife bethany imagined a long and happy life with their children but when jason loses his family to a tragic accident his storybook life dies with them on a two lane highway unable to cope with the loss jason makes a last ditch effort to find peace with their deaths he plans to fulfill bethany's dream of visiting all fifty states leaving mementos of his family along the way samantha showalter knows heartache after being left crying in an empty parking lot at the end of a three year abusive relationship seven months later she's rebuilding her life through sheer force of will until her ex fiancé shows up at her doorstep unannounced but samantha's best friend has a plan to help sam let go of her past once and for all and finally find herself again fate with a little help from a meddling best friend will bring two broken souls together both have their own valleys to cross before either can hope for a future of happiness

will jason and samantha find peace in each other or will their past pain be too much to overcome the answer will be found on the open road

the romanian and serbian canis lupus rest in an uneasy peace one of their own sally miklos the young and powerful gypsy healer aids perizada in her quest to defeat volcan a long forgotten nightmare returned to our world these two packs watch as their brothers across the world wolves from spain ireland and america join their own forces in the battle against the evil dark fae at the same time the packs hope against hope that their presence might reveal a mate bond between a pack member and one of the five recently discovered gypsy healers while jacque and jen miss sally their longtime best friend they have bided their time dealing with their own domestic issues jacque and fane are anticipating the birth of their first child and jen and decebel face the challenges of caring for an infant both girls are eagerly awaiting sally s return and have perizada s word that she will be back in time for the birth of jacque s baby vasile and alina the alpha pair of the romanian pack are enjoying this time of peace but vasile did not become the most powerful alpha in centuries by being a fool he has lived long enough to know that there is always another battle on the horizon as long as evil exists in this world his race must step forward and stand in the gap shielding those who cannot protect themselves but the battle he is anticipating is bigger than he could have ever imagined as perizada has recently discovered creatures of the night that have for so long remained hidden from the human realm have slithered from their underground lairs and begun preying on the young and innocent the high fae has declared war and she expects vasile and his wolves to be the ones to carry out the attack the alpha is more than happy to oblige but with his first grandchild on the way and the gift of five vulnerable healers coming under the wolves protection he understands that he must be very careful not to place any of them in harm s way such is the job of the alpha protector and provider he and those he leads must stand as sentinels and warriors to safeguard those they love and the humans who know nothing of the

supernatural world it will be their job to destroy the creatures that threaten to expose them all and if they fail the world as they know it both human and supernatural will never be the same

jacque s mind wandered as she hovered somewhere between life and death her body longed to let go to sink into the peaceful abyss to the place where she didn t have to worry about rabid child snatching vampires and the carnage they d caused to so many innocent families but something kept her here tethered to this world something she couldn t quite remember hovered just on the edge of her consciousness something vital it wasn t fane he would be with her on the other side she knew that if she died he died too and he wouldn t have it any other way she could feel peri s presence in her body the fae
