much of a society's resources are devoted to dealing with or preparing for the possibility of crime the dominance of concerns about crime also hint at the broader implications that offending has for many different facets of society they suggest that rather than being an outlawed subset of social activity crime is an integrated aspect of societal processes this book reviews some of the direct and indirect

social impacts of criminality proposing that this is worthwhile not just in terms of understanding crime but also because of how it elucidates more general social considerations a range of studies that examine the interactions between crime and society are brought together drawing on a wide range of countries and cultures including india israel nigeria turkey and the usa as well as the uk and ireland they include contributions from many different social science disciplines which taken together demonstrate that the implicit and direct impact of crime is very widespread indeed the chapters in this book were originally published as a special issue of contemporary social science

first published in 1980 routledge is an imprint of taylor francis an informa company

crime and punishment criminal law and its administration are areas of ancient history that have been explored less than many other aspects of ancient civilizations throughout history women have been affected by crime both as victims and as offenders yet in the ancient world customary laws were created by men formal laws were written by men and both were interpreted and enforced by men

a crucial text for whetting the academic appetite of those studying criminology at university the comprehensive engagement with key crime and deviance debates and issues make this a perfect springboard for launching into the complex diverse and exciting realm of researching criminology dr ruth penfold mounce university of york essential reading for those new to the discipline and an invaluable reference point for those well versed in criminology and the sociology of crime and deviance dr mark monaghan university of leeds key concepts in crime and society offers an authoritative introduction to key issues in the area of crime as it connects to society by providing critical insight into the key issues within each concept as well as highlighted cross references to other key concepts students will be helped to grasp a clear understanding of each of the topics covered and how they relate to broader areas of crime and criminality the book is divided into three parts understanding crime and criminality introduces topics such as the social construction of crime and deviance social control the fear of crime poverty and exclusion white collar crime victims of crime race gender and crime types of crime and criminality explores examples including human trafficking sex work drug crime environmental crime cyber crime war crime terrorism and interpersonal violence responses to crime looks at areas such as crime and the media policing moral panics deterrence prisons and rehabilitation the book provides an up to date critical understanding on a wide range of crime related topics covering the major concepts students are likely to encounter within the fields of sociology criminology and across the social sciences

in the united states immigration is generally seen as a law and order issue amidst increasing anti immigrant sentiment unauthorized migrants have been cast as lawbreakers governing immigration through crime offers a comprehensive and accessible introduction to the use of crime and punishment to manage undocumented immigrants presenting key readings and cutting edge scholarship this volume examines a range of contemporary criminalizing practices restrictive immigration laws enhanced border policing workplace audits detention and deportation and increased policing of immigration at the state and local level of equal importance the readings highlight how migrants have managed to actively resist these punitive practices in bringing together critical theorists of immigration to understand how the current political landscape propagates the view of the illegal alien as a threat to social order this text encourages students and general readers alike to think seriously about the place of undocumented immigrants in american society

essay from the year 2011 in the subject law criminal process criminology law enforcement grade 100 100 lindenwood university language english abstract crime occurs every day in our society leaving criminologists with the task to find the reasons for it over the years they have come up with numerous theories to explain the phenomenon of crime all shooting at different directions some of those theories hold environmental psychological biological or family factors responsible for turning random people into criminals although many of those theories have something true and convincing about them this paper analyzes rational choice theory as the most important factor and its explanation of crime it explains why criminals decide by themselves whether it pays off to break the law or not

vulnerability theory identifies structural and institutional factors that build or undermine the resilience of individuals and organisations this volume uses vulnerability theory to explore how the organisation of the teaching and research activities of universities impact the resilience of academics and also how these activities themselves are impacted by contemporary developments in universities and educational policy the starting point of enquiry is that neither academics nor universities are invulnerable and that urgent attention is needed to reverse developments that undermine their resilience the contributions focus on universities in the us and uk legal education in the uk criminal justice in the uk brazilian legal education research in deprived communities and the ethics of medical professionals this broad range of subjects is connected by use of vulnerability theory to interrogate academic practices and universities as organisations which should build resilience in their workforce and communities and in so doing secure their own resilience but which far too often fail to do so and actually undermine resilience it is argued this is not due to malefic intentions but to institutional features of the sector and society of immediate interest to anyone who works in studies at or relies upon the research mission of universities

and to those involved in the management of universities this book will also be relevant to policy analysts and policymakers who will find value in the reframing of vital issues in higher education policy by vulnerability theory allowing a more realistic and productive policy environment to develop this book was originally published as a special issue of the law teacher

debates about children s rights not only concern those things that children have a right to have and to do but also our broader social and political community and the moral and political status of the child within it this book examines children s rights and citizenship in the usa uk and australia and analyses the policy law and sociology that govern the transition from childhood to adulthood by examining existing debates on childhood citizenship the author pursues the claim that childhood is the most heavily governed period of a liberal individual s life and argues that childhood is an intensely monitored period that involves a politics of becoming adult drawing upon case studies from the usa the uk and australia this concept is used to critically analyse debates and policy concerning children s citizenship criminality and sexuality in doing so the book seeks to uncover what informs and limits how we think about talk about and govern children s rights in liberal societies this book will be of interest to students and scholars of political science governance social policy ethics politics of childhood and public policy
