including you reading this has been brainwashed to believe science is true and to believe in science i prove the universe is formed as singularity and contains only singularity in many forms thereof

the whistle blower on corrupt science science went corrupt the day edmund halley in 1705 told the world he used the physics formula of his friend isaac newton to calculate the route that halley s comet took and the time it would arrive this was where science went crooked a position that went on ever since because that same dishonesty is still present in newtonian science halley calculated the time periods since 1066 at the battle of hastings and found a comet was mentioned every seventy six years this was very ordinary for a man of his class so he had to get far cleverer than backdate history to get a time frame so he really got clever and conspired with the biggest fraud in science ever since the man that stole all the physics doctor hooks invented the man who even got kepler figures wrong the man called isaac newton halley said he used the formula of newton to calculate the route the comet took this says he used mass to calculate how the comet came to the sun according to newton s science the sun s mass pulled the comet and the comet s mass pulled right back and in this way the comet came to the sun i don t go into the comet as such in this book but i do in other books in this book i show how newtonian science started to go corrupt in 1705 with one conspiracy to cheat and became the corrupt myth it now developed into how do i know halley did not use the mass pull mass idea it is because if he did so then how did he calculate that the comet was cyclic or that it returns every seventy six years if mass pulled the comet to the sun what then pushed to comet back into outer space his big ambition was to prove the comet comes and goes but if mass makes the comet come what pushes the comet back you know what is the biggest fraud that came to be called newtonian science the most brilliant minds on earth this past three hundred years failed to asks this simple question if mass pulls the comet closer what pushes the comet away if mass forms the force of pulling and pulled the comet closer then what pushed the comet back into the darkness of the beyond how did he know the mass of halley s comet nobody then asked questions no one asks uneasy question except me i show the fake science we have newton and halley got away with corrupt science if you wish to prove wrong i challenge you to prove that newton is correct today just like it was and keeping the trend go on modern newtonians gets away with even more corrupt science than anyone can imagine

i explain genesis 1 v 1 the beginning or birth of the universe in terms of the bible using not theology but mathematics i prove genesis 1 verse 1 to be correct by using mathematics the bible says in the beginning of creation 1 when god made heaven and earth 2 the earth was without form and void 3 with darkness over the face of the abyss yes this i do explain mathematically and i manage this because i prove and explain four cosmic keys that build the universe namely the titius bode law the lagrangian points the roche limit and coanda effect everything in nature in the universe applies these phenomena in how space forms the titius bode law the lagrangian points the roche coanda effect forms the universe in as much as forming stars in spheres and forming galactica in circles these principles form space and materials this is a process that produces space and that is how the universe began before the universe began in space i take the cosmic birth back to before space came about as the big bang
