this is the first academic study of the science fiction television devised and written by terry nation who wrote dalek stories and other serials for doctor who and created the bbc s 1970s post apocalyptic space adventure series blake s 7 back cover

the end of the world may be upon us but it certainly is taking its sweet time playing out the walkers on the walking dead have been walking for nearly a decade there are now dozens of apocalyptic television shows and we use the end times to describe everything from domestic politics and international conflict to the weather and our views of the future this collection of new essays asks what it means to live in a world inundated with representations of the apocalypse focusing on such series as the walking dead the strain battlestar galactica doomsday preppers westworld the handmaid s tale they explore how the serialization of the end of the world allows for a closer

examination of the disintegration of humanity while it happens do these shows prepare us for what is to come do they spur us to action might they even be causing the apocalypse

the quirky british television series doctor who is a classic both of science fiction and television drama first broadcast in 1963 it has remained an influential tv presence ever since with an eagerly anticipated new series airing in 2005 as a vehicle for satire social commentary or sheer fantasy adventure doctor who is unparalleled it was a show created for children but it was immediately usurped by adults arriving at a time of upheaval in the popular arts in britain doctor who was born into a television tradition influenced by the tv plays of dennis potter the cult television drama the prisoner the james bond films and stanley kubrick s science fiction triptych dr strangelove 2001 a space odyssey and a clockwork orange a british fantasy adventure that has unfolded across television screens over decades in the tradition of lewis carroll conan doyle and hg wells the strength of doctor who has always been its writers and the ideas they nurtured in this new history of the show andrew cartmel who was the script editor on doctor who from 1987 to 1990 looks into its social and cultural impact providing a fascinating read for committed and casual fans alike

the subjects of this book constitute a significant cross section of bbc science fiction television with such characters as the doctor an enigmatic time traveling alien kerr avon a problematic rebel leader dave lister a slovenly last surviving human and captain jack harkness a complex omnisexual immortal these shows have both challenged and reinforced viewer expectations about the small screen masculine hero this book explores the construction of gendered heroic identity in the series from both production and fan perspectives the paradoxical relationships between the producers writers and fans of the four series are discussed fan fiction criticism and videos are examined that both celebrate and criticize bbc science fiction heroes and villains

although it started as a british television show with a small but devoted fan base doctor who has grown in popularity and now appeals to audiences around the world in the fifty year history of the program doctor who s producers and scriptwriters have drawn on a dizzying array of literary sources and inspirations elements from homer classic literature gothic horror swashbucklers jacobean revenge tragedies orwellian dystopias westerns and the novels of agatha christie and evelyn waugh have all been woven into the fabric of the series one famous storyline from the mid 1970s was rooted in the victoriana of authors like h rider haggard and arthur conan doyle and another was a virtual remake of anthony hope s the prisoner of zenda with robots in doctor who and the art of adaptation fifty years of storytelling marcus harmes looks at the show s frequent exploration of other sources to create memorable episodes harmes observes that adaptation in doctor who is not just a matter of transferring literary works to the screen but of bringing a diversity of texts into dialogue with the established mythology of the series as well as with longstanding science fiction tropes in this process original stories are not just resituated but transformed into new works harmes considers what this approach reveals about adaptation television production the art of storytelling and the long term success and cultural resonance enjoyed by doctor who doctor who and the art of adaptation will be of interest to students of literature and television alike and to scholars interested in adaptation studies it will also appeal to fans of the series interested in tracing the deep cultural roots of television s longest
