providing historical insights essential to the understanding of contemporary China this text presents a nation's story of trauma and growth during the early twentieth century it explains how China's defeat by Japan in 1895 prompted an explosion of radical reform proposals and the beginning of elite Chinese disillusionment with the Qing government the book explores how this event also prompted five decades of efforts to strengthen the state and the nation democratize the political system and build a fairer and more unified society Peter Zarrow weaves narrative together with thematic chapters that pause to address in depth themes central to China's transformation while the book proceeds chronologically the chapters in each part examine particular aspects of these decades in a more focused way borrowing from methodologies of the social sciences cultural studies and empirical historicism essential reading for both students and instructors alike it draws a picture of the personalities ideas and processes by which a modern state was created out of the violence and trauma of these decades

explains how reforms in the late Qing dynasty indirectly amplified the social forces that brought about the revolution of 1911

a history of revolutionary China in the 20th century China under Xi Jinping has been experiencing unprecedented change from the Belt and Road Initiative to its involvement in great power struggles with the West China is facing the world once more in the hope of reclaiming a lost Chinese greatness but is socialism with Chinese characteristics just neoliberal capitalism under another name and if so how can China reclaim the heritage of the revolution in this its 70th anniversary in this panoramic study of Chinese

history in the twentieth century lin chun argues that the paradoxes of contemporary chinese society do not merely echo the tensions of modernity or capitalist development instead they are a product of both the contradictions rooted in its revolutionary history and the social and political consequences of its post socialist transition revolution and counterrevolution in china charts china s epic revolutionary trajectory in search of a socialist alternative to the global system and asks whether market reform must repudiate and overturn the revolution and its legacy

china is now poised to take a key role on the world stage but in the early twentieth century the situation could not have been more different rana mitter goes back to this pivotal moment in chinese history to uncover the origins of the painful transition from a premodern past into a modern world by the 1920s the seemingly civilized world shaped over the last two thousand years by the legacy of the great philosopher confucius was falling apart in the face of western imperialism and internal warfare chinese cities still bore the imprints of its ancient past with narrow lanes and temples to long worshipped gods but these were starting to change with the influx of foreign traders teachers and missionaries all eager to shape china s ancient past into a modern present mitter takes us through the resulting social turmoil and political promise the devastating war against japan in the 1940s communism and the cultural revolution of the 1960s and the new era of hope in the 1980s ended by the tian anmen uprising he reveals the impetus behind the dramatic changes in chinese culture and politics as being china s new culture a strain of thought which celebrated youth individualism and the heady mixture of strange and seductive new cultures from places as far apart as america india and japan

during its fifty years of existence the people s republic of china has seen dramatic changes from the proclamation of the independent state through the period of the communist revolution the cultural revolution the reform period these changes are analysed from the political economic and social points of view challenging accepted orthodoxy throughout the emphasis is on change in the context of contemporary china and as part of the chinese communist party s search for paths to development

a comprehensive study of contemporary memories of china s revolutionary epoch from the time of japanese imperialism through the cultural revolution this volume examines the memories of a range of social groups including disenfranchised workers and rural women who have often been neglected in scholarship

a panoramic history of revolution in china documents the exploitation of the chinese by both the west and chinese warlords dramatic changes in politics and policy diverse factions and political leaders

a monumental account of the social psychology and political culture of mao zedong and his era

originally published in the early 1970s this critical edition revisits the central themes of the book and reconsiders them in the light of major new theoretical and documentary understandings of the chinese communist revolution

describes the events and major figures of the cultural revolution in china

this book provides an alternative analytical approach to the study of china s political changes since the cultural revolution which treats those changes as a transition from totalitarianism to authoritarianism while depicting important political economic events it focuses on the changes in such major sociopolitical factors as the people s attitude toward the regime government policy the ruling methods of the regime and the interrelationships among them based on the analyses of these factors the book also predicts the future of the current communist regime in terms of the challenges it will face and its ability to meet them
