tarl cabot has always believed himself to be a citizen of earth he has no inkling that his destiny is far greater than the small planet he has inhabited for the first twenty odd years of his life one frosty winter night in the new england woods he finds himself transported to the planet of gor also known as counter earth where everything is dramatically different from anything he has ever experienced it emerges that tarl is to be trained as a tarnsman one of the most honored positions in the rigid caste bound gorean society he is disciplined by the best teachers and warriors that gor has to offer but to what end this is the first installment of john norman s wildly popular and controversial gor series which has sold millions of copies

former earthman tarl cabot is now a powerful tarnsman of the brutal and caste bound planet of gor also known as counter earth he embarks on an adventure in the dangerous and mysterious wilderness of gor pitting his warrior s skills against treacherous outlaws

bandits and fighters three different women are working to bring change to tarl s far from peaceful life on gor talena his onetime queen and first love elizabeth his brave fighting partner and the amazonian verna chief of the fierce and wild panther women as tarl journeys through the wilderness the fates of these three remarkable women will finally be decided

the games of gor are diverse as are their players there are the games of planetary politics in which worlds are contested and those of cities and ubarates of ponderous cavalries and fleets of lateen rigged ships and smaller games bloody games played on a square of sand in which the counters and pieces are edged weapons and too there is kaissa common on gor played with pieces of wood on a board of a hundred squares one might think little would depend on the outcomes of such a benign recreation but one could be wrong the major land power in the northern latitudes of known gor has long been the imperium of mighty ar against her hegemonies on the continent plans by her major enemies the maritime ubarates of cos and tyros have been carefully drawn projectively to involve attack from without and subversion from within cabot once of earth is drawn into these intrigues a foiled plot laid against his life leads him to the port city of brundisium where he obtains not only satisfaction but keys to enciphered documents germane to the machinations of cos and tyros these should be delivered to ar but the armada of the maritime ubarates is already entering the collaborating port of brundisium

welcome to gor a parallel earth where social norms are exotic and the way of life is brutal in the fifth book in the gorean series the deadly assassin kuurus is intent on a bloody mission of vengeance his adventure takes him from the caste of the pleasure slaves which are rigorously trained in the rules and techniques of sexual ecstasy to the brutal arenas where humans participate in deadly hand to hand combat he witnesses violence conflict and uncertainty as the inhabitants of counter earth are forced to confront their destinies no matter how exalted or debased

john norman takes you on a journey to world s end a set of once unknown islands far west of the continental mainland lying across vast turbulent thassa these mysterious islands were reached for the first time during the historic voyage of the ship of tersites now this remote locale has been chosen by two warring technologically advanced species the bestial imperialistic predatory kurii and the retiring secretive priest kings the gods of gor on this all too real gaming board a roll of the dice will determine the fortunes and fate of gor and perhaps that of earth few realize the momentous nature of the conflict seeing in it no more than a local war for territory and power those who grasp the dimensions of the game realize that the stakes are nothing less than the world itself rediscover this brilliantly imagined world where men are masters and women live to serve their every desire

the maritime ubarate of cos with her allies is mounting an attack on ar on two fronts from the south with a major invasion force and in

the north with an expeditionary force besieging ar s station ar s base of power in the vast arable basin of gor s mightiest river the vosk dietrich of tarnburg a mercenary has seized torcodino in the south with its stores of military supplies to temporarily halt the march of cos on ar to buy ar time to organize for her defense cabot has delivered letters from dietrich to the regent of ar gniewus lelius apprising him of the city s danger and the situation at torcodino and he has in turn been entrusted with letters from the regent to be delivered to the besieged ar s station in virtue of treason in ar her main forces have been drawn away from the city and are now are wintering at holmesk thus ar is substantially defenseless and ar s station is abandoned at ar s station cabot betrayed by the very missives he conveyed is arrested as a spy in the destruction wrought in ar s station by siege engines cabot escapes his imprisonment shall he then flee ar s station making his way to freedom through its miseries and desolations its ruins and flames or shall he remain to defend as he can to the death if need be her weakened betrayed starving defenders those who had been his very captors

puzzling disturbing rumors have reached port kar tarl cabot warrior and merchant pirate and slaver once of earth now of gor learns that the farther islands thera daphna and chios west of the island ubarates of cos and tyros are being bloodily and systematically ravaged by corsairs supposedly led by himself by bosk of port kar as he is commonly known how could this be what is one to make of it why would so cruel and outrageous a hoax apparently pointless be perpetrated who would dare to do so and in the meantime shipping is assailed and towns and villages are looted and burned tarl cabot will investigate he will seek vengeance his quest will carry him to the taverns and palaces of corrupt luxurious decadent sybaris on thera where life is cheap and collared slave girls plentiful where ruthless corsairs live by the sword and whip and into strange and dangerous waters teeming with predatory vessels and monstrous sea life as the mystery is unraveled bit by bloody bit he discovers that its threads may reach far beyond the farther islands

take a journey across space and time into the farthest reaches of the human imagination with this book that describes more than 1 500 places and their inhabitants illustrations
