ancient greece a place where the gods hold mortal life cheap mere playthings to amuse
delight and abuse at their will but those puny mortals are not wholly devoid of power
and at the core of their fabulous city states lies the labyrinth where they can shape the
powers of the heavens to their own design when theseus entered the labyrinth and
came away with the prize of freedom and his beloved adrienne mistress of the labyrinth
his future seemed assured until he abandoned her for the unforgivable sin of bearing
him only a daughter and the world seemed to change from that day forward all the
labyrinths in the ancient world started to decay it slowly became clear that power was
fading from the city states was it the natural decline that comes to all cultures or was it
because the power of the labyrinth had been corrupted by a woman spurned a hundred
years pass troy has fallen and the trojans are a scattered and humbled people the
warrior brutus is of the line of kings and gods he wears the golden kingship bands of
troy proudly but they are his only mementos of a former glory for he is a man without a
country and is left little else but pride and a memory of the latent power that he could
wield if but given a chance when he receives a god sent vision of a distant shore where
he can rebuild the ancient kingdom he will move heaven and earth to reach his destiny
ever eastward he is drawn to a lovely and mystical green land that offers him a haven
and a dream of power and conquest nothing will deter him not even the entreaties of
the young princess whom he took as his wife and bedded against her will first her
hatred and now her love torment and bind him she is the only one who realizes the
danger he is stepping into and she will do anything to save him and his son whom she
carries in her womb for in the mists of albia there lies a woman of power a woman
who has used her siren call to cloud brutus s mind and has her own reasons for luring
the warrior to these lush shores she is the long descended granddaughter of adrienne
and she has in her heart a hatred that has been passed down for generations her plans
for brutus will enact a revenge that could destroy the gods themselves if brutus makes

the journey successfully it will be the next step in the game of the labyrinth and might start a complicated contest of wills that could span centuries

chapters cover topics such as family economic and cultural resources and school performance and attainment of students family multilingualism and academic success family stressors and education valuation of higher education versus employment and family contestations of public schooling and its policies and curriculum among others
