john buridan d ca 1360 was one of the most talented and influential philosophers of the later middle ages he spent his career as a master in the arts faculty at the university of paris producing commentaries and independent treatises on logic metaphysics natural philosophy and ethics his questions commentary on the eight books of aristotle s physics is the most important witness to buridan s teachings in the field of natural philosophy the commentary was widely read during the later middle ages and the renaissance this volume presents the first critical edition of books v viii of the final redaction of buridan s questions commentary on the physics the critical edition of the latin text is accompanied by a detailed guide to the contents of buridan s questions

this book presents a step by step guide to building a west coast chopper s c f l kit kit choppers are hot commodities while few people can afford to buy a custom built chopper from one of the high end builders like jesse james bikes that often sell for 100 000 or more many can afford to buy such bikes in kit form because of this all the high end builders sell their creations in kit form for example while jesse james might build perhaps a dozen custom bikes per year he sells hundreds of chopper kits the same is true of any number of other builders like matt hotch cyril huze and paul yaffe authored by mike seate and featuring the photography of joe appel this book is a step by step how to guide for anyone building a kit chopper

an illustrated history of the garden tractors that make small farms and vast gardens grow the cub cadets john deerers simplicitys fords ariens wheel horses kabotas etc

during the past decade the rise of online communication has proven to be particularly fertile ground for academic exploration at the intersection of law and society scholars have considered how best to apply existing law to new technological problems but they also have returned to first principles considering fundamental questions about what law is how it is formed and its relation to cultural and technological change this collection brings together many of these seminal works which variously seek to interrogate assumptions about the nature of communication knowledge invention information sovereignty identity and community from the use of metaphor in legal opinions about the internet to the challenges posed by globalization and deterritorialization to the potential utility of online governance models to debates about copyright free expression and privacy this collection offers an invaluable introduction to cutting edge ideas about law and society in an online era in addition the introductory essay both situates this work within the trajectory of law and society scholarship and summarizes the major fault lines in ongoing policy debates about the regulation of online activity

your competitive advantage for strategic management rising to the top in any business involves getting others to recognize your value this is your competitive advantage in the business of strategic management your first lesson in gaining a competitive advantage is choosing the right textbook strategic management creating competitive advantages helps you rise to the top more quickly and more securely climbing the ladder of success rung by rung and avoiding missteps on your way up organized around the traditional sequence of topics and concepts in strategy the canadian edition of strategic management creating competitive advantages focuses on contemporary topics in intellectual capital entrepreneurship globalization and ethics giving each step equal consideration with a schematic chapter map and chapter objectives designed to keep you oriented and real life examples and cases developed to give you a view of how strategic management is done rightly and wrongly in canadian and world business this canadian edition is your guide to climbing the ladder to success
