this book explores the development and activity of the methodist church in poland focusing on the political conditions under which it functioned after 1945 in particular it considers the role of party and state power and the nature and impact of religious policy towards the church the chapters touch on organizational issues missionary activity and key figures in the recent history of the church drawing on more than 20 years of research on polish methodism and the increasing availability of archival material this volume will be of interest to scholars of religion politics and history

the first volume to explore various facets of contemporary change in consecrated religious life in selected central and eastern european countries this book presents a series of studies of catholic and orthodox monasticism with attention to changes in the economy everyday life organisation and social presence of monastic orders contributors shed light on the impact of 20th and 21st century social and cultural processes such as communism and its collapse or the growth of new communication technologies on life in the cloister bringing together research from various locations in central and

eastern europe it will appeal to scholars and students of sociology religious studies and theology with interests in religious orders and transformations of religious life from a social perspective

no detailed description available for social and political history of the jews in poland 1919 1939

reconstruction of the climate variability of the past 500 years is a topic of great scientific interest not only in global terms but also at regional and local levels this period is interesting on account of the increasing influence of anthropogenic forcing and its overlap with natural factors the polish climate in the european context an historical overview summarises the results of research into climate variability based on a combination of instrumental documentary dendrochronological and borehole data from poland the first part of the book provides a central european perspective of research in these fields which forms the general background for a presentation of the state of the art of climatic change studies in poland during the past 500 years part 2 this is followed by a selection of papers dealing mainly with different aspects of climate variability in poland and central europe part 3 this book is a valuable tool integrating polish central and eastern european climate research into the global context it is as such a must for climate researchers worldwide gaston demarée royal meteorological institute of belgium this volume marks a significant step forward in our understanding of european climatic history christian pfister university of bern

this handbook provides an in depth analysis of the impact of the covid 19 pandemic on older people across different countries focusing on important issues affecting ageing societies it presents an analytical framework of various emerging concerns affecting societies transforming of social relationships bringing in of new health problems including mental health elder abuse impact on intergenerational relationships and emotional and psychological matters it explores the choices of governments to address the arising issues indicates different community responses and discusses the experiences of older people in handling of problems cropping up which affect their quality of life in various ways the book offers readers new dimensions of the issues nations face with possible similar solutions and ways

to handle the concerns the book is valuable for researchers practitioners and students pursuing anthropology sociology psychology and gerontology the book offers many disciplinary international and national perspectives to understand the relationship between the pandemic and older people

the first major study of the early reformation and the polish monarchy for over a century this volume asks why crown and church in the reign of king sigismund i 1506 1548 did not persecute lutherans it offers a new narrative of luther s dramatic impact on this monarchy which saw violent urban reformations and the creation of christendom s first lutheran principality by 1525 placing these events in their comparative european context king sigismund s realm appears to offer a major example of sixteenth century religious toleration the king tacitly allowed his hanseatic ports to enact local reformations enjoyed excellent relations with his lutheran vassal duke in prussia allied with pro luther princes across europe and declined to enforce his own heresy edicts polish church courts allowed dozens of suspected lutherans to walk free examining these episodes in turn this study does not treat toleration purely as the product of political calculation or pragmatism instead through close analysis of language it reconstructs the underlying cultural beliefs about religion and church ecclesiology held by the king bishops courtiers literati and clergy asking what at heart did these elites understand lutheranism and catholicism to be it argues that the ruling elites of the polish monarchy did not persecute lutheranism because they did not perceive it as a dangerous other but as a variant form of catholic christianity within an already variegated late medieval church where social unity was much more important than doctrinal differences between christians building on john bossy and borrowing from j g a pocock it proposes a broader hypothesis on the reformation as a shift in the languages and concept of orthodoxy

this volume explores the unique qualities of the polish national catholic church for example the validity of its holy orders has been recognized by the roman catholic church and it is the only church in america to have had formal intercommunion with the protestant episcopal church and the anglican church of canada

Yeah, reviewing a books **Recepcja Literatury Angielskiej W Polsce W Okresie Modernizmu 1887 1918**

could accumulate your close links listings. This is just one of the solutions for you to be successful. As understood, talent does not recommend that you have astonishing points.
