this book explores the role of cultural heritage in post conflict reconstruction whether as a motor for the prolongation of violence or as a resource for building reconciliation the research was driven by two main goals to understand the post conflict reconstruction process and to identify how this process evolves in the medium term and the impact it has on society the spanish civil war 1936 39 and its subsequent phases of reconstruction provides the primary material for this exploration in pursuit of the first goal the book centers on the material practices and rhetorical strategies developed around cultural heritage in post civil war spain and the victorious franco regime s reconstruction the analysis captures a discursively complex set of practices that made up the reconstruction and in which a variety of spanish heritage sites were claimed rebuilt or restored and represented as signs of historical narratives political legitimacy and group identity the reconstruction of the town of gernika is a particularly emblematic instance of destruction and a significant symbol within the basque regions of spain as well as internationally by examining gernika it is possible to identify some of the trends common to the reconstruction as a whole along with those aspects that pertain to its singular symbolic resonance in order to achieve the second goal the book examines the processes of selection value change and exclusionary dynamics of reconstruction exploring the possible impact of post civil war reconstruction in the

medium term is conducted in two time frames the period of political transition that followed general franco s death in 1975 and the 2004 2008 period when rodriguez zapatero s government undertook initiatives to recover the historic memory of the war and dictatorship finally the observations made of the spanish reconstruction are analyzed in terms of how they might reveal general trends in post conflict reconstruction processes in relation to cultural heritage these insights are pertinent to the situations in cambodia bosnia and herzegovina afghanistan and iraq

based on a wide range of archival sources this book analyses the response of the most peripheral country in western europe franco s spain to the challenges of increasing economic interdependence from the end of world war ii to the establishment of the eec 1945 57 in so doing the author sheds new light on the fundamental question of the survival of the franco regime and stimulates further discussion on the external factors responsible for spain s pattern of economic growth after 1945

examines the wartime destruction and post war rebuilding of three prominent sites in madrid bilbao and barcelona in the spanish civil war and its aftermath this title reveals aspects of the spanish civil war and the evolution of the franco regime from an original and fruitful angle
