this united states focused anthology on gender focuses on women and men and the multiple identities that comprise the lives of

individuals across gender drawing from a wide range of sources including research articles essays and personal narratives disch has chosen accessible engaging and provocative readings that represent a plurality of perspectives and experiences eleven part introductions briefly identify important issues in the general field of study describe the readings identify the central themes emerging throughout the book and raise questions for students to consider

teaching gender and multicultural awareness provides information about how to integrate topics of diversity into a variety of psychology courses and programs of study because psychology now contains a rich body of knowledge that reaches across gender social and cultural lines a single class about gender or cross cultural studies is no longer sufficient to teach students about multiculturalism instead such issues need to be incorporated into each part of the psychology curriculum this edited volume helps instructors integrate information about diversity into their classes and directs them to useful printed video and internet resources it also includes creative projects and exercises that they can use in introductory or graduate level courses filled with guidance by expert teachers this book is a resource for educators who seek effective methods to give students a comprehensive understanding of the culturally evolving world in which they will live and work psycinfo database record c 2004 apa all rights reserved

multiculturalism is a concept that has been stretched to include a variety of political conditions mainly in countries that have liberal democratic political systems and traditions in this north south comparison we illuminate remedies pursued by governments and various political interests to address the binary tensions of culture and rights may not be the same everywhere an interesting point of comparison is in the treatment of liberalism often assumed in the global north to be the universal norms to be defended whereas in the global south liberalism itself may be viewed as the problem colonial histories are fraught with discriminatory legislation aimed at accommodating indigenous populations often a trade off for more structural redistributive justice through for example land reform in africa for example the codification of customary law has reinforced misogynistic and static interpretations of african culture this book will show how varied and complex the embodiment of multiculturalism as a political practice or policy discourse in different political contexts can be and how often the outcome of multicultural discourses creates a binary between culture and universal human rights the aim of this book is to grapple with dislodging this binary this book was published as a special issue of politikon

around the world we see a participatory turn in the pursuit of gender equality exemplified by the adoption of gender quotas in national legislatures to promote women's role as decision makers we also see a pluralism turn with increasing legal recognition given to the customary law or religious law of minority groups and indigenous peoples to date the former trend has primarily benefitted

majority women and the latter has primarily benefitted minority men neither has effectively ensured the participation of minority women in response multicultural feminists have proposed institutional innovations to strengthen the voice of minority women both at the state level and in decisions about the interpretation and evolution of cultural and religious practices this volume explores the connection between gender parity and multicultural feminism both at the level of theory and in practice the authors explore a range of cases from europe latin america the middle east and africa in relation to state law customary law religious law and indigenous law while many obstacles remain and many women continue to suffer from the paradox of multicultural vulnerability these innovations in theory and practice offer new prospects for reconciling gender equality and pluralism

mexicana encounters charts the dynamic and contradictory representation of mexicanas and chicanas in culture rosa linda fregoso s deft analysis of the cultural practices and symbolic forms that shape social identities takes her across a wide and varied terrain among the subjects she considers are the recent murders and disappearances of women in ciudad juárez transborder feminist texts that deal with private domestic forms of violence how films like john sayles s lone star re center white masculinity and the significance of la familia to the identity of chicanas os and how it can subordinate gender and sexuality to masculinity and heterosexual roles fregoso s self reflexive approach to cultural politics embraces the movement for social justice and offers new insights into the ways that racial and gender differences are inscribed in cultural practices

this book focuses on the societal social political economic and philosophical perspectives of transformative models and how digital learning communities foster critical reflections and perspective change building a better understanding on how online educators designers tutors learners can talk about injustice and inequality to a virtual group provided by publisher

choice award 2022 outstanding academic title the multiculturalization of canada has catapulted it into the front ranks of countries in advancing a principled diversity governance fifty years after the inception of a multicultural governance model that seemingly works and is relatively popular canada remains one of the few countries in the world to believe in multiculturalism yet the irony is inescapable notwithstanding its lofty status as a canadian icon and an aspirational ideal an official multiculturalism remains misunderstood both in canada and abroad in terms of what it means how it works and for whom and why it endures if anything as the book explains the idea of multiculturalism remains shrouded in the conceptual fog of a riddle wrapped in a mystery inside an enigma an interplay of polite fictions that mask inconvenient truths puts the onus on deconstructing canadian multiculturalism by conceptualizing strengths including a probe into why multiculturalism ostensibly works in canada but rarely elsewhere analyzing weaknesses critically assessing its worth and envisioning its future in responding to the new realities and demands of a post multicultural world that canada s multiculturalism remains a work in progress albeit one with innovative possibilities provides a fitting tribute

an introduction to feminist therapy by evans kinkade and seem focuses on the practical application of feminist theory to clinical experience whereas other books in the area tend to focus on specific clinical issues encountered by women such as sexual abuse or rape this book addresses a broad range of clinical situations it offers strategies to be used by male or female therapists working with men women families or groups the primary goal of the book is to help instructors students and professionals to learn how to implement feminist therapy

the articles in this book share a dedication to broadening and stretching the scholarly field of feminist citizenship studies and invite the reader to reflect on the many different ways citizenship is formed in contemporary europe they do so by stretching the concept of citizenship itself going beyond legalistic definitions and by asking new questions about the ways in which citizenship is constructed the entitlements to benefits and to social and political participation how cultures of knowledge allow participation and how inclusion and exclusion can be represented in all cases gender is one of the categories that allow a deeper insight and a better perception of the way the ideals of citizenship have helped people to overcome exclusion as the articles show access to citizenship differs from context to context citizenship is never only a legal status it has to do with cultural diversity with recognition of difference with access to professions and hierarchies on the labour market not least in universities with traditions in political as well as visual representation the collection is an introduction to new research in the field of european gender studies

multicultural education of children and adolescents covers the five prevalent cultural groups and shows the components of responsive multicultural education programs focusing on african asian european hispanic and native american cultures this comprehensive text explores language family social class and learning challenges in this third edition the authors have expanded the definition of multicultural education to include gays and lesbians as well as individuals with disabilities this is the only text that looks at both people with differing cultural backgrounds and the design and implementation of multicultural education programs

this volume of public press readings offers samples from contemporary journal literature in which the knowledge bases for multicultural education are developed

justice gender and the politics of multiculturalism explores the tensions that arise when culturally diverse democratic states pursue both justice for religious and cultural minorities and justice for women sarah song provides a distinctive argument about the circumstances under which egalitarian justice requires special accommodations for cultural minorities while emphasizing the value

of gender equality as an important limit on cultural accommodation drawing on detailed case studies of gendered cultural conflicts including conflicts over the cultural defense in criminal law aboriginal membership rules and polygamy song offers a fresh perspective on multicultural politics by examining the role of intercultural interactions in shaping such conflicts in particular she demonstrates the different ways that majority institutions have reinforced gender inequality in minority communities and in light of this argues in favour of resolving gendered cultural dilemmas through intercultural democratic dialogue

the fourteen essays in this volume address the pros and cons of multiculturalism and explore its relationship with liberal democracy

this volume of public press readings is intended to address the need for an annually published anthology that offers samples from the most recent journal literature the articles include topics on teacher education in multicultural perspective the social contexts of multicultural education and curriculum and instruction in multicultural perspective visit dushkin online dushkin com online for additional support of annual editions titles
