the practices of world politics are now scrutinised in a way that is unprecedented with even those previously or conventionally assumed to be disengaged from international affairs being drawn into world politics by social media interactive websites allow users to follow election results in real time from the other side of the world and online mapping means that the world out there is now available on your mobile phone understanding popular culture and world politics in the digital age engages these themes in contemporary world politics to better understand how digital communication through new media technologies changes our encounters with the world whether the focus is digital media social networking or user generated content these sites of political activity and the artefacts they produce have much to tell us about how we engage world politics in the contemporary age this volume represents the starting point of a dialogue about how digital technologies are beginning to impact the research and practice of scholars and practitioners in the field of international relations with the collection of cutting edge essays dealing specifically with the intertextuality of world politics and digital popular culture this book will be of use to international relations research academics and critically engaged publics interested in the core themes of global politics subjectivity militarism humanitarianism civil society organisation and governance the book also employs theories and techniques closely associated with other social science disciplines including political theory sociology cultural studies and media studies

do you trust the liberal media while the tabloid and right wing press the sun the times the mail and the express are constantly criticised for dangerous bias outlets like the bbc and the guardian are trusted by their readers to report in the interests of the public however the reality is that all corporate media is systematically filtered by the powerful interests that own manage and fund it propaganda blitz shows that the corporate media does not just spin the news it fundamentally distorts everything it touches hiding the real issues from public view and often completely reversing the truth this book uncovers a storm of top down campaigns behind war reporting from iraq syria and palestine as well as the destruction of the credibility of figures on the left including jeremy corbyn and hugo chavez exposing propagandists at the top levels of the bbc as well as their reporting on the scottish independence referendum the dismantling of the nhs and looming climate chaos propaganda blitz explains the

real meaning of objective journalism exposes the fake news about fake news and outlines a model for anti business media activism

the christian coptic heritage of egypt remains poorly studied from the perspective of heritage management and is also at risk from a number of external and internal factors this book offers an examination of the threats to these monuments through an analysis of the management of three heritage sites

the health systems we enjoy today and expected medical advances in the future will be difficult to finance from public resources without major reforms public health spending in oecd countries has grown rapidly over most of the last half century these spending increases have contributed to important progress in population health for example life expectancy at birth has increased rising on average by ten years since 1970 the challenge now is to sustain and enhance these achievements in a context of tight fiscal constraints in many countries combined with upward pressure on health spending from factors such as new technological advances and demographic changes finding policies that can make health spending more sustainable without compromising important achievements in access and quality requires effective co operation between health and finance ministries sound governance and co ordination mechanisms are therefore essential to ensure effective policy choices prepared by both public finance and health experts this report provides a unique detailed overview of institutional frameworks for financing health care in oecd countries one of the main features of this book is a comprehensive mapping of budgeting practices and governance structure in health across oecd countries
