this timely book argues that the new zealand educational reforms were the product of longstanding unresolved educational issues that came to a head during the profound economic and cultural crisis of the 1970s and early 1980s

emerging from a case study in secondary schools this book explores young bisexual women s notions of bisexuality through their own sense of self identification and how they express their personal beliefs mcallum sheds light on the presence and practices of bisexual misrecognition and bi misogyny in school settings and draws out the implications of this bias on bisexual women incorporating women s own spoken and written anecdotes this book reveals hidden narratives and helps boost awareness about the social and learning needs of young bisexual women

tackling mental health problems of the working age population is a key issue for labour market and social policies in oecd countries not just for health systems governments increasingly recognise that policy has a major role to play in keeping people with mental health conditions

although many schools and educational systems from elementary to tertiary level state that they endorse anti homophobic policies pedagogies and programs there appears to be an absence of education about and affirmation of bisexuality and minimal specific attention paid to bi phobia bisexuality appears to be falling into the gap between the binary of heterosexuality and homosexuality that informs anti homophobic policies programs and practices in schools initiatives such as health education sexuality education and student welfare these erasures and exclusions leave bisexual students family members and educators feeling silenced and invisibilized within school communities also absent is attention to intersectionality or how indigeneity gender class ethnicity rurality and age interweave with bisexuality indeed as much research has shown erasure exclusion and the absence of intersectionality have been considered major factors in bisexual young people family members and educators in school communities experiencing worse

mental emotional sexual and social health than their homosexual or heterosexual counterparts this book is the first of its kind providing an international collection of empirical research theory and critical analysis of existing educational resources relating to bisexuality in education each chapter addresses three significant issues in relation to bisexuality and schooling erasure exclusion and the absence of intersectionality from indigenous to rural schools from tertiary campuses to elementary schools from films to picture books as curriculum resources from educational theory to the health and wellbeing of bisexual students this book s contributors share their experiences expertise and ongoing questions this book was originally published as a special issue of the journal of bisexuality

this publication provides additional reference material for education at a glance 2023 the authoritative source for data on the state of education around the world it provides guidance on the data and methodology used to calculate each indicator it also contains references to the sources and specific notes for each country
