from the arrival of the spaniards to present day influences from cuba puerto rico and mexico essays are not in alphabetical order but in a classified arrangement volume 1 history begins with an interpretive essay that criticizes the lack of recognition of the hispanic influence in the building of the american nation what follows is a collection of essays on such subjects as the spanish exploration conquest and settlement of new mexico 1540 1680 spanish culture of the golden age and eighteenth century and histories of chicanos puerto ricans and cubans in the u s the volume covering hispanic literature and art begins with an essay that attempts to foster an appreciation of puerto rican cuban and chicano arts and letters it goes on to discuss each people s literature by genre which includes theater the novel poetry and the short story other essays discuss women writers the hispanic oral tradition art music cinema and the spanish language press

examines the nation s first widely publicized case involving the concept of clergy malpractice and the questions it raised regarding separation of church and state free exercise of religion and state regulation of non professional counseling

from the arrival of the spaniards to present day influences from cuba puerto rico and mexico essays are not in alphabetical order but in a classified arrangement volume 1 history begins with an interpretive essay that criticizes the lack of recognition of the hispanic influence in the building of the american nation what follows is a collection of essays on such subjects as the spanish exploration conquest and settlement of new mexico 1540 1680 spanish culture of the golden age and eighteenth century and histories of chicanos puerto ricans and cubans in the u s the volume covering hispanic literature and art begins with an essay that attempts to foster an appreciation of puerto rican cuban and chicano arts and letters it goes on to discuss each people s literature by genre which includes theater the novel poetry and the short story other essays discuss women writers the hispanic oral tradition art music cinema and the spanish language press

economic development and urban growth are the contested grounds of urban politics business elites and politicians tend to forge pro growth coalitions centered around downtown development while progressive and neighborhood activists counter with a more balanced approach that features a strong neighborhood component urban politics is often shaped by this conflict which has intellectual as well as practical dimensions in some cities neighborhood interests have triumphed in others the pro growth agenda has prevailed in this illuminating comparative study barbara ferman demonstrates why neighborhood challenges to pro growth politics were much more successful in pittsburgh than they were in chicago operating largely in the civic arena pittsburgh s neighborhood groups encountered a

political culture and institutional structure conducive to empowering neighborhood progressivism in housing and economic development policymaking in contrast the pro growth agenda in chicago was challenged in the electoral arena which was dominated by machine ward based politicians who regarded any independent neighborhood organizing as a threat consequently neighborhood demands for policymaking input were usually thwarted besides revealing why the development policies of two important american cities diverged ferman's unique comparative approach to this issue significantly expands the scope of urban analysis among other things it provides the first serious study to incorporate the civic sector neighborhood politics as an important component of urban regimes ferman also emphasizes institutional and cultural factors often ignored or relegated to residual roles in other studies and expounds on their influence in shaping local politics and policy to add an analytical and normative dimension to urban analysis she focuses on the non elite actors not just the economic and political elites who compose governing coalitions ultimately ferman takes a more holistic and balanced view of large cities than is typical for urban studies as she argues that neighborhoods are an important integral part of what cities are and can be for that reason especially her work will have a profound impact upon our understanding of urban politics

topless bars casino gambling needle exchange programs for drug addicts there's no question morality issues remain front and center in urban politics presenting a systematic analysis of culture war issues at the local level elaine sharp shows how american cities deal with these ongoing concerns drawing on a sample of ten strategically chosen cities she explains differences in how municipalities respond to controversies surrounding sex business abortion clinics legalized gambling gay rights and drug use by analyzing the relative importance of subculture economics and institutional arrangements in the disputes she points the way toward richer and more complete understanding of how different cities respond differently to these hot button issues far more than a statistical study morality politics in american cities is a collection of fascinating stories of real people grappling with down to earth issues and real life drama richly informative case studies that will captivate students and interested citizens alike mayors public health directors activists and others speak their minds about the pros and cons of these controversies here are officials in one city confronting the vatican over funding for abortion services those in another battling a local university over its refusal to provide health benefits to gay partners of faculty members and still others mounting a massive community sponsored attack on topless clubs these stories provide detailed evidence to support classifications needed for comparing cities experience with each of the five morality issues they also corroborate inferences drawn from the comparisons by showing what considerations were in play as local officials grappled with these issues overall the study shows that cultural factors usually dominate policymaking in local politics except when specific economic interests are at stake and also observes that county level governments are more important than previously thought in terms of morality issue decisions as provocative as it is informative morality politics in american cities demonstrates that such issues same sex marriage for example are multidimensional and often difficult to resolve its conclusions

however contingent mark an important step in the ongoing process of understanding important differences in approaches to these issues and clearly show how moral conflicts continue to define american politics

the fourteen essays in this volume address the pros and cons of multiculturalism and explore its relationship with liberal democracy

analyzes the problematic trends facing america s cities and older suburbs and challenges us to put america s urban crisis back on the national agenda
