marconi didn t invent radio westinghouse didn t invent alternating current talbot didn t invent photography and edward jenner didn t invent vaccination innovators and inventors are wonderful thinkers but they are often poor communicators and business people thus even if the change that they brought about altered or enhanced society oftentimes they were forgotten they did not receive public recognition or some other person took their credit sometimes the true innovators are not recognized for hundreds of years and perhaps never this book tells the story of a number of these people in a way that illustrates their lives as well as their achievements it is meant to be entertaining and somewhat illuminating about the times in which these people lived these tales are not definitive reference biographies of the personalities involved they are tales of people with the same name in whose lives most of the events were identical to those of the personality

there are winners and losers in a capitalistic society but capitalism does not choose who is a winner and who is a loser the winners are those who have the right idea sacrifice their time and money take risks work hard and have a little luck and help along the way the losers are those who rarely dream of the impossible waste their time spend their money foolishly lack the courage to take risks and fail to dedicate themselves to achieving the rewards of their efforts winners should receive the greatest returns for their investments and the greatest of rewards for their endeavors while wealth

may be distributed unequally it results more from an unequal dedication to acquire this wealth that is not only right but it is fair at the heart of capitalism is choice one of success or failure saving or spending and work or recreation capitalism is a system that allows a person to choose whether he or she wants to be a winner or a loser today too many have chosen the latter and display the unbecoming traits of greed jealousy and envy toward those who have chosen the former while insecurity and instability may pervade this country s economic political and societal institutions success can still be achieved by those who look forward rather than backward who avoid the disadvantages of the past to take advantage of the future in the choices and consequences of our age you ll learn that it s still possible to achieve success through hard work sacrifice and self reliance
