providing a thorough overview of the political nature and dynamics of the world of work labour and employment this timely handbook draws together an interdisciplinary range of top contributors to explore the interdependent relationship between politics and labour work and employment the handbook explores the purpose roles rights and powers of employers and management workers and unions states and governments in the age of globalised neo liberalism

annotation a comprehensive comparative study of the development of labour unions and political change in the countries of the english speaking caribbean focussing mainly on the period 1934 1954

work and politics develops a historical and comparative sociology of workplace relations in industrial capitalist societies professor sabel argues that the system of mass

production using specialized machines and mostly unskilled workers was the result of the distribution of power and wealth in eighteenth and nineteenth century great britain and the united states not of an inexorable logic of technological advance once in place this system created the need for workers with systematically different ideas about the acquisition of skill and the desirability of long term employment professor sabel shows how capitalists have played on naturally existing division in the workforce in order to match workers with diverse ambitions to jobs in different parts of the labor market but he also demonstrates the limits different from work group to work group of these forms of collaboration

the labour party after jeremy corbyn is charting a new direction here nathan yeowell has brought together a remarkable array of contributors to provide expert insight into twentieth century british history and labour politics and how they might shape thinking about labour s future reframing the span of labour history and its effects on contemporary british politics the book provides fresh thinking and analysis of various traditions themes and individuals these include the shifting significance of 1945 the need for more grounded interpretations of tony blair s legacy and the enduring importance of place identity and aspiration to the evolution of the party contributions from leading historians such as patrick diamond steven fielding ben jackson glen o hara and florence sutcliffe braithwaite are supplemented by those with experience of labour electoral politics such as rachel reeves and nick thomas symonds the result is an intellectually rich and politically relevant roadmap for labour s future

this book traces the economic ideology of the uk labour party from its origins to the current day through its analysis the book emphasises key crises including the 1926 general strike the 1931 great depression the 1979 winter of discontent and the 2007 2008 economic crisis in analysing this history the ideology of the labour party is examined through four core themes the party s definition of socialism the role of the state in economic decision making the party s understanding of inequalities and its relationship with the trade union movement the result is a systematic exploration of the drivers and key ideas behind the labour party s economic ideology in demonstrating how crises have affected the party s economic policy the book presents a historical analysis of the party s evolution since its formation and offers insights into how future changes may occur

monograph on the effects of individualism as political ideology on trade unions and labour relations in the uk discusses the influence of cultural factors on social structure with particular emphasis on unions incl japan and germany federal republic and the impact of political theories especially laissez faire on the movement for workers participation development of incomes policies labour and democracy references

this book focuses on cultural policy in the uk between 1997 and 2010 under the labour party or new labour as it was temporarily rebranded it is based on interviews with major figures and examines a range of policy areas including the arts creative industries copyright film policy heritage urban regeneration and regional poli

drawing on a comparison of the political role of labour in the united states britain germany sweden and japan andrew taylor provides an introduction to and a contribution to our understanding of the politics of trade unions

first published in 1988 in a few short years during and just after the great war the labour party and the trade unions established themselves firmly at the centre of the british political and industrial scene but at the same time the politics and organisation of both labour and unions were reshaped this is a grass roots study of a key period in the building of labour's political and industrial base it is a study of how unions and labour were organised and motivated to seize their moments of destiny and of how a new political industrial movement was limited by the common sense of the age in which it was born it is a study of shifting support for various labour and communist political and industrial strategies of the pressures and struggles which reshaped the movement stamping on it the character we know today and it is a study of how labour at work and in the community responded to war to prosperity to depression

since 2011 with the british government's counter radicalisation strategy prevent non violent islamist groups have been considered a security risk for spreading a divisive ideology that can lead to radicalisation and violence more recently the government has expressed concerns about their impact on social cohesion entryism and women's rights the key protagonists of non violent islamist extremism allegedly include groups and individuals associated with the muslim brotherhood and jama at i islami they have been described as part of the global muslim brotherhood but do they constitute a singular phenomenon a social movement this book shows that such groups and individuals do indeed comprise a movement in britain one dedicated to an islamic revival it shows how they are networked organisationally bonded through ideological and cultural kinship and united in a conflict of values with the british society and state using original interviews with prominent revivalist leaders as well as primary sources the book also shows how the movement is not so much islamist in aspiring for an islamic state but concerned with institutionalising an islamic worldview and moral framework throughout society the conflict between the government and the global muslim brotherhood is apparent in a number of different fields including education governance law and counterterrorism but this does not simply concern the direction of government policy or the control of state institutions it most fundamentally concerns the symbolic authority to legitimise a way of seeing thinking and living by assessing this multifaceted conflict the book presents an exhaustive and up to date analysis of the political and cultural fault lines between islamic revivalists and the british authorities it will be useful for anyone studying islam in the west government counter terrorism and counter extremism policy multiculturalism and social cohesion

this book is a study of british society it outlines the struggle for social change in britain today from a socialist and left wing perspective it considers the role of ideas in british politics british history and british society it argues that if britain is to become a better society it needs to develop better ideas specifically the ideas of socialism

in may 2005 the labour party led by tony blair won an unprecedented third term in power after eight years in government its achievements were many but there was controversy too not least the decision to support the united states in the invasion of iraq the blair government promised to be different both at home and abroad new labour would move social democratic politics on in the face of a rapidly changing world it would also take british politics and policy making beyond thatcherism but how successful has it been in this second edition of the widely praised new labour politics after thatcherism stephen driver and luke martell explore the origins of new labour and examine in detail the labour government's record in power they argue that this record bears the imprint of the reforms to the british state and society made under successive conservative administrations at the same time new labour has taken british politics and public policy in directions that reflect the party's progressive liberal and social democratic past new labour is post thatcherite the completely revised second edition of new labour contains an accessible and comprehensive account of new labour politics up to date policy chapters on economic social and constitutional affairs a new chapter on european and foreign policies an original and critical interpretation of new labour and the future of social democratic politics in britain europe and other parts of the world the second edition of new labour will be an invaluable resource for students of politics sociology and other social sciences those involved in public policy and public affairs and anyone looking for an accessible guide to new labour and the blair government
