this book offers an in depth historiographical and comparative analysis of prominent theoretical and methodological debates in the field across each of the sections contributors will draw on specific case studies to illustrate the origins debates and tensions in the field and overview new trends directions and developments each section includes an introduction that provides an overview of the theme and the overall emphasis within the section in addition each section has a concluding chapter that offers a critical and comparative analysis of the national case studies presented as a handbook the emphasis is on deeper consideration of key issues rather than a more superficial and broader sweep the book offers researchers postgraduate and higher degree students as well as those teaching in this field a definitive text that identifies and debates key historiographical and methodological issues the intent is to encourage comparative historiographical perspectives of the nominated issues that overview the main theoretical and methodological debates and to propose new directions for the field

as one of the premier historical thinkers of his generation jörn rüsen has made enormous contributions to the methods and theoretical framework of history as it is practiced today in evidence and meaning rüsen surveys the seismic changes that have shaped the historical profession over the last half century while offering a clear economical account of his theory of history to traditional historiography rüsen brings theoretical insights from philosophy narrative theory cultural studies and the social sciences developing an intricate but robust model of historical thinking as both a cognitive discipline and a cultural practice one that is susceptible neither to naïve empiricism nor radical relativism
