newman s life of wagner published between 1933 and 1947 the culmination of forty years research is a classic biography

an investigation of the considerable influence of wagner s stay in zurich from 1849 to 1858 a period often discounted by scholars on his career when the people of dresden rose up against their king in may 1849 richard wagner went from royal kapellmeister to republican revolutionary overnight he gambled everything but the rebellion failed and he lost all now a wantedman in germany he fled to zurich years later he wrote that the city was devoid of any public art form and full of simple people who knew nothing of my work as an artist but he lied zurich boasted arguably the world s greatest concentration of radical intellectuals and a vibrant music scene wagner was accepted with open arms this book investigates wagner s affect on the musical life of the city and the city s impact on him mathilde wesendonck emerges not as wagner s passive muse but as a self assured woman who exploited gender expectations to her own benefit in 1858 wagner had to flee zurich after again gambling everything this time on mathilde and again losing but it was in zurich that

wagner wrote his major theoretical works composed *das rheingold* *die walküre* and parts of *siegfried* and *tristan und isolde* first planned *parsifal* held the first festival of his music and conceived of a theater to stage his own works if wagner had been free in 1849 to choose a city in which to seek heightened intellectual stimulation among the like minded and the similarly gifted he could have come to no more perfect place chris walton teaches music history at the musikhochschule basel in switzerland he is the recipient of the 2010 max geilinger prize honoring exemplary contributions to the literary and cultural relationship between switzerland and the english speaking world

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this book addresses one of the most hotly contested debates in contemporary cultural life the question of how anti semitism figures in the operas of richard wagner until now scholars have generally acknowledged wagner's anti semitism but have argued that it is irrelevant to the operas themselves marc a weiner challenges that traditional view by asserting that anti semitism is a crucial pervasive feature in wagner's operas weiner argues that the operas exemplify and contribute to a vast collection of images that are patently anti

semitic and that were readily recognized as such by nineteenth century german audiences these images were associated particularly with the body through a careful examination of wagner s music libretti and stage directions weiner reconstructs iconographies of corporeal images iconographies of the eye voice smell gait and sexuality that were essential to the operas and were associated with anti semitism and the longing for an imagined german community
