one of the most widely circulated prophecies in recent times the harvest is a panorama of coming events many of which have been fulfilled the 25th anniversary edition features the complete vision and showcases the greatest event yet to be fulfilled

this critique provides a framework for understanding and interpreting the widespread but little known new apostolic reformation movement as the authors state in the preface we write this book with two major goals in mind first to give people an idea of the sheer size and reach of the nar movement and second to systematize its key teachings and practices and evaluate them on the basis of scripture and careful reasoning in our judgment the nar perspective crosses these boundaries that is certain broad parameters revealed in scripture and practiced in the historical orthodox church and it does so in part because of flawed theology rooted in a flawed understanding of scripture

a biblical theology of christian discipleship is a spiritual resource that examines the biblical and theological doctrines to do ministry amid challenges and oppositions the role of the church is to persuade individuals to establish a philosophy of authentic discipleship this book challenges the church to walk humbly before god as genuine disciples the primary focus is to carefully follow christ s mandate of the great commission in matthew 28 18 20 go and make disciples more importantly the book describes how the church can effectively use different methods and principles to better prepare believers for christ

when i first shared each of these vision i was inundated with requests to copy and translate them and they quickly went around the world now almost two decades later they are being rediscovered and this book is the result of the growing demand for them again much that was prophesied in these visions has come to pass and the rest seems to be upon us they now seem more relevant than ever

life magazine is the treasured photographic magazine that chronicled the 20th century it now lives on at life.com the largest most amazing collection of professional photography on the internet users can browse search and view photos of today s people and events they have free access to share print and post images for personal use
