time this modernity included within its domain formations of diverse and new entities social political cultural linguistic and literary they shall not be seen as separate or as forming distinct modernities with their own distinct constituency instead they need be seen as constituent elements of a particular modernity shaped in the final decades of nineteenth century the books develops a new way to look at these elements and seek their story within the larger space of kerala s print culture and then return to the novels and see how they work in these texts the book persuades to change the conceptions about the early novels and formation of modernity in kerala considerably and enable new ways to look at contemporary social political and cultural issues
