throughout human history thoughts values and behaviours have been coloured by language and the prevailing view of the universe with the advent of quantum mechanics relativity non euclidean geometries non aristotelian logic and general semantics the scientific view of the world has changed dramatically from just a few decades ago nonetheless human thinking is still deeply rooted in the cosmology of the middle ages this is the book to change your way of perceiving yourself and the universe some say it s materialistic others call it scientific and still others insist it s mystical it is all of these and none the book for the 21st century complete with exercises picks up where prometheus rising left off some say it s materialistic others call it scientific and still others insist it s mystical it is all of these and none

this ambitious book considers social scientific topics such as identity community sexual difference self and ecology from a microbial perspective harnessing research and evidence from earth systems science and microbiology and particularly focusing on symbiosis and symbiogenesis the book argues for the development of a microontology of life

high strangeness denotes happenings so uncanny they are deemed utterly absurd it involves the intersection of multiple paranormal phenomena revealing an eerie undergirding of reality my cosmic trigger is a deep dive into the subject covering its history theories and notable researchers analyzing mechanisms behind this cosmic enigma the author s personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level helping people navigate their own synchromystic initiation with a sense of clarity fostering a constructive relationship with odd occurrences not a destabilizing one and enabling readers to successfully pull their own cosmic trigger

bring your unconscious powers into the conscious mind and make a life of greater success and happiness master the tools of psychic empowerment and self knowledge become more than you are spiritual communication is no longer a passive state of waiting to hear the spirits speak through a medium or channel discover how to manifest an active state of consciousness and create direct communication with specific spirits and spiritual entities this is a do it yourself book personal and individual so you no longer have to depend on groups and institutions for power or authority with clear and precise instructions communicating with spirit shows you how to return spirit to your inner self open the doors to communication at the spiritual levels and extend perception from material limitations toward the inclusiveness of higher dimensional awareness explore yourself and the world of spirit the answers come from within

this book is a result of more than 30 years of research and studying different schools of personal development and the author s 15 years of experience in professionally helping people in their path of personal growth what makes this book unique from other books containing quotes is that the quotes are bundled in different topics of the personal growth process and most importantly interpreted and explained in a coherent way by the author the book has quotes from more than 100 sources including such wise people as john assaraf marcus aurelius richard bach richard bandler sydney banks richard branson deepak chopra stephen r covey mihaly csikszentmihalyi john f demartini joe dispenza wayne w dyer albert einstein viktor e frankl mahatma gandhi bill harris david r hawkins esther and jerry hicks napoleon hill sandra ingerman bruce h lipton frank martela paul mckenna anita moorjani michael neill seka nikolic anthony robbins ulla suokko alberto villodo alan watts and robert anton wilson this book is not just a collection of famous quotes however but rather a carefully considered collection of wisdoms from wise people related to personal growth supplemented by the author s own experience and thoughts the book covers among others the following topics related to personal growth our experience of life creating a new life vision goals and directions meaning and purpose values and beliefs beliefs and fears happiness success growth and change gratitude abundance freedom love

health and well being to help the reader get the most out of it at the end of the book everything is brought together in an understandable and coherent form after reading the book once through you can either choose to look at certain chapters or topics or simply open the book randomly to seek for inspiration whenever you feel like you could use some

what is tsog it s the tsarist occupational government those wonderful folks in washington b c oops sorry that s d c who of course always have your best interest at heart of course tsog is bob s most powerful political statement to date what is happening right now to human freedom what in the world is the u s doing with a drug tsar who routinely and gleefully destroys millions of lives and bullies the governments of the rest of the world into prosecuting an insane war on some drugs how did a nazi spy come to have an enormous influence on current u s foreign policy will the war on terrorism put the last nail in the coffin of your rights would hannibal lecter make a better president than george w bush bob s keen wit skewers those who are forcing us all into slavery and warns us that there is little time left how long will it be before bob s books are banned as literary terrorism

in his latest interview collection david jay brown has once again gathered some of the most interesting minds of today to consider the future of the human race the mystery of consciousness the evolution of technology psychic phenomena and more the book includes conversations with celebrated visionaries and inspirational figures such as ram dass noam chomsky deepak chopra and george carlin part scientific exploration part philosophical speculation and part intellectual rollercoaster the free form discussions are original and captivating and offer surprising revelations conversations on the edge of the apocalypse is a new look into the minds of some of our groundbreaking leaders and is the perfect gift for science fiction and philosophy fans alike

zen without zen master is the first and still the best collection of truly contemporary zen parables for the novice zen without zen masters is an outstanding introduction to the baffling world of meditation eastern thought and the galaxy of philosophies that make up the expanding horizon of human awareness for the veteran benares integrates the inner quest with the experience of daily life and if that wasn t enough the section on meditations and exercises focuses the inner experience into an accessible form marked by clarity and simplicity they demystify the growth process through practical application

the journal of strange phenomena

apocalypse culture is compulsory reading for all those concerned with the crisis of our

times an extraordinary collection unlike anything i have ever encountered these are the terminal documents of the twentieth century j g ballard

prometheus rising describes the landscape of human evolution and offers the reader an opportunity to become a conscious participant in an astoundingly useful road map infused with humor and startling insight robert anton wilson presents the eight circuits of the brain model as an essential guide for the effort to break free of imprinted and programmed behavior bob writes we are all giants raised by pygmies who have learned to walk with a perpetual mental crouch unleashing our full stature our total brain power is what this book is all about
