combining classic international economics with straight from the headlines immediacy feenstra and taylor s text seamlessly integrates the subject s established core content with new topic areas and new ideas that have emerged from recent empirical studies like no other textbook it brings cutting edge theory evidence and policy analysis to the field of international economics international economics is available as a complete textbook or in two split volumes international trade and international macroeconomics

the book covers a wide range of topics including international trade exchange rates globalization international financial markets and the impact of government policies on international economic interactions it also discusses contemporary issues such as trade disputes economic sanctions and the challenges posed by emerging economies

issues related to environmental protection and trade liberalization have moved to the forefront of international policy agendas the economics of international trade and the environment explores from an economic standpoint many of the questions that are germane in increasing our knowledge of environmental policy in the presence of international

the war on drugs has failed but consensus in the international drug policy debate on the way forward is missing amidst this moment of uncertainty militarised lenses on the global illicit drug problem continue to neglect the complexity of the causes and consequences that this war is intended to defend or defeat challenging conventional thinking in defence and security sectors transforming the war on drugs constitutes the first comprehensive and systematic effort to theoretically conceptually and empirically investigate the impacts of the war on drugs the contributors trace the consequences of the war on drugs across vulnerable regions including south america and central america west africa the middle east and the golden crescent the golden triangle and russia it demonstrates that these consequences are glocal the war's local impacts on human rights security development and public health are interdependent with transnational illicit flows the book further reveals how these impacts have influenced the positions of governments across these regions with significant ramifications for the international drug control regime crucially it shows that at a time when global order is in flux critically evaluating the regime's securitisation through the war on drugs provides key insights into other global governance realms

a guide to literature and bodies concerned with the procedures and policies of conducting business with other countries title page

this volume contains the 11 prize winning essays of the 1991 amex bank review essay competition in international economics and financial markets each essay carries a strong message for policymakers or the markets this annual competition is run in memory of professor robert marjolin the first head of the oecd and leading architect of post war europe
