in music an art and a language walter raymond spalding embarks on a profound exploration of the intrinsic relationship between music and human expression spalding employs a lyrical prose style that mirrors the emotional depth of the subjects he engages with effectively blurring the boundaries between theoretical analysis and artistic appreciation the book contextualizes music within its cultural and philosophical frameworks offering readers insights into its role as a universal language that transcends geographical and temporal boundaries thus contributing to the broader discourse on aesthetics in the early 20th century walter raymond spalding an esteemed composer and educator brings his extensive knowledge of music to this work reflecting

his experiences in shaping music education in america his engagement with various musical styles coupled with his pedagogical background informs his analytical approach allowing him to articulate the nuances of music as both an art form and a communicative medium these dimensions expose the motivations driving spalding s insistence on recognizing music s significance in everyday life and its capacity to convey complex human emotions music an art and a language is highly recommended for scholars practitioners and enthusiasts alike as it offers a rich multifaceted view of music s nature and significance spalding s articulate synthesis of theory and personal experience invites readers to reflect on their relationships with music making it a poignant addition to any literary collection that seeks to understand the profound depths of artistic expression

what is music modern society has come to view music largely as entertainment and commodity in response we are music an existential journey toward infinity provides the reader with a holistic starting point music has unlimited potential to transform and enlighten and is only impeded when bound by materialism physicalism and reductionism we are music is an attempt to bring music back to the core of humanity as an agent of positive empowerment self actualization and beyond embracing interconnectivity music is more deeply experienced alongside the arts science social sciences math philosophy history and above all spirituality an endless spiral self perception and identity can be vastly expanded if not questioned and transcended music is an infinite field and any attempt to define and describe it is problematically finite and consequently limited herein lies the impossibility of the book which both excites and disturbs the paradox of being and not being a roadmap for music lovers toward self realization we are music is for those who desire to delve deeper into the power and illusion of self through music
