edited by barry cunliffe one of the world s leading archaeologists this book provides a comprehensive account of prehistoric europe from the coming of the stone age to the fall of the roman empire unique in its approach it is a history of both humanity and the environment looking at the changing landscape of europe and the responses and adaptations to these changes with over 300 plates maps and figures this fascinating volume will be enjoyed by anyone with an interest in the early history art and archaeology of europe

a visual journey through the history of landscape design for thousands of years people have altered the meaning of space by reshaping nature as an art form these architectural landscape creations are stamped with societal imprints unique to their environment and place in time illustrated history of landscape design takes an optical sweep of the iconic landscapes constructed throughout the ages organized by century and geographic region this highly visual reference uses hundreds of masterful pen and ink drawings to show how historical context and cultural connections can illuminate today s design possibilities this guide includes storyboards case studies and visual narratives to portray spaces plan section and elevation drawings of key spaces summaries of design concepts principles and vocabularies historic and contemporary works of art that illuminate a specific era descriptions of how the landscape has been shaped over time in response to human need directing both students and practitioners along a visually stimulating timeline illustrated history of landscape design is a valuable educational tool as well as an endless source of inspiration

a fascinating exploration of the relationship between american culture and music as defined by musicians scholars and critics from around the world music has been the cornerstone of popular culture in the united states since the beginning of our nation s history from early immigrants sharing the sounds of their native lands to contemporary artists performing benefit concerts for social causes our country s musical expressions reflect where we as a people have been as well as our hope for the future this four volume encyclopedia examines music s influence on contemporary american life tracing historical connections over time music in american life an encyclopedia of the songs styles stars and stories that shaped our culture demonstrates the symbiotic relationship between this art form and our society entries include singers composers lyricists songs musical genres places instruments technologies music in films music in political realms and music shows on television

this volume gathers together twenty articles from among the best scholarly writing on rock music published in academic journals over the past two decades these diverse essays reflect the wide range of approaches that scholars in various disciplines have applied to the study of rock from those that address mainly the historical sociological cultural and technological factors that gave rise to this music to those that focus primarily on analysis of the music itself this collection of articles some of which are now out of print or otherwise difficult to access provides an overview of the current state of research in the field of rock music and includes an introduction which contributes to the ongoing debate over the distinction or lack thereof between rock and pop

from assassinations to student riots this is a splendidly evocative account of a historic year a year of tumult of trauma and of tragedy arthur schlesinger jr in the united states the 1960s were a period of unprecedented change and upheaval but the year 1968 in particular stands out as a dramatic turning point americans witnessed the tet offensive in vietnam the shocking assassinations of martin luther king jr and robert kennedy and the chaos at the democratic national convention in chicago at the same time a young generation was questioning authority like never before and popular culture especially music was being revolutionized largely based on unpublished interviews and documents including in depth conversations with eugene mccarthy and bob dylan among many others and the late theodore white s archives to which the author had sole access 1968 in america is a fascinating social history and the definitive study of a year when nothing could be taken for granted kaiser aims to convey not only what happened during the period but what it felt like at the time affecting touches bring back powerful memories including strong accounts of the impact of the tet offensive and of the frenzy aroused by bobby kennedy s race for the presidency the new york times book review

we all want to change the world provides a cogent and fascinating evaluation of post world war ii american commercial music and its complex multi faceted impact on the world of politics tom waldman offers articulate and compulsively readable insights into such issues as john lennon and yoko ono s fiercely political period and its decidedly mixed effect on both of their careers and the causes they championed the violence that erupted over the sex pistols performance of god save the queen at her majesty s silver jubilee ronald reagan s misinterpretation of born in the usa popular song and feminism and gender issues in the political sphere the recent trend of rock tunes being reworked as campaign songs such as fleetwood mac s don t stop and sam and dave s dole man and much more there is also extensive commentary on the events of september 11th when many of the biggest names in the history of rock music took part in two benefits to raise money for the victims families and to lift the spirits of the country
