this volume offers unique and timely insights on the state of online news exploring the issues surrounding this convergence of print and electronic platforms and the public s

response to it it provides an overview of online newspapers including current trends and legal issues and covering issues of credibility and perceptions by online news users the heart of the book is formed by empirical studies mostly social surveys coming out of the media effects and uses traditions the chapters are grounded in theoretical frameworks and bring much needed theory to the study of online news the frameworks guiding these studies include media credibility the third person effect media displacement and uses and gratifications the book ends with a section devoted to research on online news postings this book is appropriate for scholars researchers and students in journalism mass communication new media and related areas and will be of interest to anyone examining how people use the web as a source for news

when the general public follow the olympic games on television on the internet even in the newspapers they feel like they have themselves experienced the performances of the athletes this book explores whether it is ever possible to experience the olympic games as an athletic event without considering the effect of the media it addresses a multitude of ways in which the intermediary of media production alters the experience of the olympics spectators watching olympic events from the stands are less subjected to the language of the commentators journalists and even the athlete interviews as they form impressions and understandings of the games however even those who sit in the stands for the opening ceremonies or walk down the streets of the olympic village and the host city are treated to media spectacles that are intentionally produced to display the attitudes values and beliefs of the host country and its olympic committee this book performs the important task of analysing ways in which the media serves as both an integral component and an arbiter of the games for society this book was originally published as a special issue of mass communication and society

collaboration in business allows for equitable opportunities and inclusive growth as the economy rises while also permitting partnering organizations to adopt and utilize the latest successful practices and management however a market in stasis may require a displacement in order to allow businesses to grow and create new alliances and partnerships toward a shared economy there is a need for studies that seek to understand the necessity of market disruption and the best supervisory methods for

remaining relevant and profitable in a time of change the handbook of research on managerial practices and disruptive innovation in asia is an essential reference source that explores successful executive behavior and business operations striving toward a more inclusive economy featuring research on topics such as employee welfare brand orientation and entrepreneurship this publication is ideally designed for human resources developers policymakers it specialists economists executives managers corporate directors information technologists and academicians seeking current research focusing on innovative business factors and sustainable economies in asia

this volume highlights key aspects of new media knowledge practices and multiliteracies in communication and education providing readers with a range of empirical findings novel theories and applications the reports also include best practices case studies innovative solutions and lessons learned with regard to three core fields 1 new media discussions on the effects of traditional and new media legal risks concerning social media the effects of media intervention on help seeking attitudes obstacles of using tablets for learning qualitative interpretation of media reporting use of social media for enhancing design practices and news reading habits 2 knowledge practices exploration of online viewing and lifestyles reform of school management models undergraduate students mathematics learning experiences perceived accounting ethics and online knowledge sharing creating knowledge repositories digital technologies outside school smartphone usage and life satisfaction and cultural differences and isomerism and 3 multiliteracies studies on learning style inventories the impact of ict in interdisciplinary approaches eportfolios for learning video production and generic skills enhancement mobile assisted collaborative learning and the effects of project based learning on student achievements the reports presented are from various countries and organizations

tolu olorunda is a cultural critic whose work has regularly appeared on alternet black commentator counterpunch truthout and several other publications including colorlines magazine the nation magazine and wiretap magazine his book the substance of truth takes a frank look into what has become of a society that touts grand and lofty ideals which it often fails to fulfill with essays addressing issues as broad as the education

system 21st century media culture hip hop culture youth culture neoliberalism and moral poverty olorunda argues the days ahead would darken in promise if rigorous action isn't soon applied to rectify the way people think how they respond to their surroundings and the decisions they take to make the world better than it stands today this struggle he insists could define whether or not a livable future would exist for the most vulnerable of all children whose plights are increasingly cast aside and ignored from the book at risk of appearing alarmist it's easy to ignore all the warning signs hanging around us that suggest the clock is ticking fast real fast and that time left for due action is short but if life for the next generation should contain some semblance of sanity where life itself means more than shopping malls and commodities where power stands accountable to the demands of communities all fear of coming across hyperbolic would have to give way to the realities staring us down the risk also extends to coming across pollyannaish as though all the impurities and iniquities holding hostage society can be cured with essays or lectures but we cannot afford to let this moment slip by unattended unengaged the problems number endless and so do the possibilities and at no other moment has a generation been more fortunate with the ease of technology to make miracles happen amidst frightening circumstances at no other moment has the clarion call blared this clearly and loudly

suicides excessive overtime hostility and violence on the factory floor in china drawing on vivid testimonies from rural migrant workers student interns managers and trade union staff dying for an iphone is a devastating expose of two of the world's most powerful companies foxconn and apple as the leading manufacturer of iphones ipads and kindles and employing one million workers in china alone taiwanese invested foxconn's drive to dominate global electronics manufacturing has aligned perfectly with china's goal of becoming the world leader in technology this book reveals the human cost of that ambition and what our demands for the newest and best technology mean for workers foxconn workers have repeatedly demonstrated their power to strike at key nodes of transnational production challenge management and the chinese state and confront global tech behemoths dying for an iphone allows us to assess the impact of global capitalism's deepening crisis on workers

when the financial markets collapsed in 2008 the media industry was affected by a major slump in advertising revenues and a formerly highly successful business model fell into a state of decay this economic crisis has threatened core social values of contemporary democracies such as freedom diversity and equality taking a normative and policy perspective this book discusses threats and opportunities for the media industry in europe what are the implications of the crisis for professional journalism the media industry and the process of political communication can non state and non market actors profit from the crisis and what are media policy answers at the national and european level

we all sometimes lurk in online spaces without posting or engaging just reading the posts and comments but neither reading nor lurking are ever passive acts in fact readers of social media are making decisions and taking grassroots actions on multiple dimensions unpacking this understudied phenomenon this book challenges the conventional perspective of what counts as participatory online culture presenting lurking as a communication and literacy practice that resists dominant power structures it offers an innovative approach to digital qualitative methods unique and original in its subject this is a call for internet researchers to broaden their methods to include lurkers participation and presence

reveals technical secrets of the internet for nontechnical users early chapters are for those who are new to the and the internet and further chapters introduce concepts of utilities and shareware support software and plug ins for tasks such as data conversion and archiving remaining chapters walk through utilities for graphics viewing and printing data and text file conversion and mime translation software includes information on specific products and sources plus a glossary annotation copyrighted by book news inc portland or
