you are surely now asking yourself why you are supposed to keep your  
hands off this book is it just a clever advertising strategy hardly so  
as you know two books of jan van helsing had been banned in germany  
and switzerland due to their highly controversial contents and the  
mainstream media too barely lets a day go by without warning the  
populace about the ideas of germany s most dangerous author of  
specialized books now jan van helsing is once again shaking up someone  
s world view yours the advice don t touch this book absolutely was  
meant to be taken seriously because after reading this book it won t  
be easy for you to continue living your life the way you have been  
today you could possibly still think nobody told me this so how was i  
supposed to know today you could also still hold the opinion that you  
as an individual have no say anyway and cannot change anything however  
after reading this book this point of view will be history if you are

someone who is not interested in secrets who has never felt the wish for internal and external wealth who is unconcerned about success and health then it will certainly be better if you follow the well meant advice and keep your hands off this book but if you have always felt that something isn't quite right with this world if you are interested in the last secrets of this enlightened world and if you are someone who wants to find out what else life might have in store then this book is for you but don't say you haven't been warned because jan van helsing will tell you about things and events that will give you a chance to have power over your own life and the power to let others partake in it and those who have power also bear a huge responsibility so now you have to make a choice do you want to continue being lived by others or has the time come for you to take charge of your own destiny the decision is yours
