in galatians we meet paul at his most passionate most personal and his most political for him the heart of the gospel is the son of god who loved me and gave himself for me but for some of his colleagues faith in christ is not enough they want something that will give more of a sense of achievement they yearn for the more exclusive insignia of the jewish law senior church leaders are confused and compromised paul faces this crisis with two further essentials of the gospel our unity in christ and our freedom in christ the book shows how in our own day the same testing of faith happens with issues of race gender poverty equality in a culture which values the achievements of some while treating others with disdain written geographically from a welsh context this is the archbishop of wales s recommended lent book for 2016 but it speaks to the wider motivations of our present culture for the author galatians was a primary weapon in the theological struggle against the ideology of apartheid in south africa it has a similar relevance for today s britain and beyond

maps the un legal instruments relevant for the protection and promotion of the rights to freedom of expression and information

in this succinct and well written book one of our most eminent philosophers provides a fresh reading of the view of freedom and morality developed by thomas reid 1710 1796 although contemporary theorists have written extensively about the scottish philosopher s contributions to the theory of knowledge this is the first book length study of his contributions to the controversy over freedom and necessity william l rowe argues that reid developed a subtle systematic theory of moral freedom based on the idea of the human being as a free and morally responsible agent he carefully reconstructs the theory and explores the intellectual background to reid s views in the work of john locke samuel clarke and anthony collins rowe develops a novel account of reid s conception of free action and relates it to contemporary arguments that moral responsibility for an action implies the power to have done otherwise distilling from reid s work a viable version of the agency theory of freedom and responsibility he suggests how reid s theory can be defended against the major objections both historical and contemporary that have been advanced against it blending to good effect historical and philosophical analysis thomas reid on freedom and morality should interest philosophers political theorists and intellectual historians

autobiography of an indian freedom fighter pt 1
