during the first two months of 1917 russia was still a romanov monarchy eight months later the bolsheviks stood at the helm they were little known to anybody when the year began and their leaders were still under indictment for state treason when they came to power you will not find another such sharp turn in history especially if you remember that it involves a nation of 150 million people it is clear that the events of 1917 whatever you think of them deserve study leon trotsky from history of the russian revolution regarded by many as among the most powerful works of history ever written this book offers an unparalleled account of one of the most pivotal and hotly debated events in world history this book reveals from the perspective of one of its central actors the russian revolution s profoundly democratic emancipatory character originally published in three parts trotsky s masterpiece is collected here in a single volume it serves as the most vital and inspiring record of the russian revolution to date the greatest history of an event that i know c l r james justly celebrated as a towering vivid historically vital work china miville october in trotsky all passions were aroused but his thought remained calm and his vision clear his involvement in the struggle far from blurring his sight sharpens it the history is his crowning work both in scale and power and as the fullest expression of his ideas on revolution as an account of a revolution given by one of its chief actors it stands unique in world literature isaac deutscher

this essential introduction synthesises the wealth of new material available on the russian revolution into a clear overview which is ideal for beginners leading expert christopher read treats the period 1914 22 as a whole in order to contextualise and better understand the events of 1917 and their impact

eir releases road map to the new world economic order the new silk road becomes the world land bridge eir s comprehensive study of the progress of

the eurasian land bridge project which lyndon and helga larouche have championed for over 20 years has finally been completed the official release date is dec 1 the 374 page report entitled the new silk road becomes the world land bridge is nothing less than a conceptual and often physical road map to a new world economic order this path is currently being charted by the nations of the brics brazil russia india china and south africa who are leading a dynamic of global optimism toward real economic development complete with new credit institutions and major high technology projects for uplifting all mankind after an introduction by helga zepp larouche the report lays out the metrics of progress based on the economic scientific principles developed by renowned physical economist lyndon larouche it then proceeds region by region beginning with china and russia to present the stunning progress and plans which have been made toward the eurasian land bridge design that the chinese government laid out in 1996 and other nations have begun to rally behind in recent years the report complete with many full color maps of its featured development corridors is available in paperback for 50 and hard cover bound for 75

a financial times best summer book of 2025 a sweeping history of capitalism as seen through the eyes of its fiercest critics at a time when we are faced with fundamental questions about the sustainability and morality of the economic system capitalism and its critics provides a kaleidoscopic history of global capitalism from colonialism and the industrial revolution to the ecological crisis and artificial intelligence john cassidy adopts a bold new approach he tells the story through the eyes of the system s critics from eighteenth century weavers who rebelled against early factory automation to eric williams s paradigm changing work on slavery and capitalism to the latin american dependistas the international wages for housework campaign of the 1970s and the modern degrowth movement this absorbing narrative traverses the globe it looks at familiar figures smith marx luxemburg keynes polanyi from a fresh perspective but also focuses on many less familiar including william thompson the irish proto socialist whose work influenced marx flora tristan the french proponent of a universal labour union john hobson the original theorist of imperialism and j c kumarappa the indian exponent of gandhian economics blending biography panoramic history and lively exploration of economic theories capitalism and its critics illuminates the deep roots of many of the most urgent issues of our time

questions of secularity and modernity have become globalized but most studies still focus on the west this volume breaks new ground by comparatively exploring developments in five areas of the world some of which were hitherto situated at the margins of international scholarly discussions africa the arab world east asia south asia and central and eastern europe in theoretical terms the book examines three key dimensions of modern secularity historical pathways cultural meanings and global entanglements of secular formations the contributions show how differences in these dimensions are linked to specific histories of religious and ethnic diversity processes of state formation and nation building they also reveal how secularities are critically shaped through civilizational encounters processes of globalization colonial conquest and missionary movements and how entanglements between different territorially grounded notions of secularity or between local cultures and transnational secular arenas unfold over time

the history of the russian revolution volume one is a detailed and compelling account of the events leading up to and including the february revolution of 1917 in russia written by leon trotsky one of the key figures in the revolution itself the work offers both a participant s insight and a historian s

analytical perspective trotsky examines the political social and economic forces that contributed to the downfall of the tsarist regime exploring the tensions within russian society and the growing discontent among workers soldiers and peasants through a combination of narrative storytelling and theoretical analysis trotsky delves into themes of mass movements class struggle and revolutionary leadership his focus on the role of the proletariat the crisis within the ruling classes and the dynamics of revolutionary momentum highlights the complexities of historical change the first volume particularly emphasizes the spontaneous nature of the february revolution and the inability of the old regime to respond effectively to mounting opposition since its publication the history of the russian revolution has been regarded as both a primary historical document and a classic of marxist literature trotsky's sharp political insights combined with his vivid descriptions of social unrest and political maneuvering make the work an essential reference for understanding the dynamics of revolutionary movements the book continues to be studied for its narrative power its theoretical contributions and its detailed portrayal of one of the most significant upheavals in modern history

the russian revolution of 1917 can be regarded as the greatest event in human history for the first time millions of workers and peasants took political power into their own hands sweeping aside the despotic rule of the capitalists and landlords and setting out to create a socialist world order based upon the rule of the soviet of workers soldiers and peasants deputies capitalism had broken at its weakest link the russian revolution heralded the beginning of the world revolution inspiring the hopes and dreams of millions notwithstanding the terrible backwardness of russia the new socialist soviet republic represented a decisive threat to the world capitalist order it struck terror in the ruling classes everywhere which rightly regarded it as a threat to their power and privileges leon trotsky history of these events is a masterpiece it was the first time that a scientific history of a great event has been written by a man who played a dominant part in it together with lenin he led the bolshevik revolution and lived throughout its stormy events however this book is not simply a dramatic narrative but a profound analysis of the inner forces of the revolution it remains by far the best account of the russian revolution today this volume spans from the february revolution to the prelude of the july days as well as the economic and political background of russia before the revolution also featured in this edition is alan woods introduction to the series

the russian revolution had a decisive impact on the history of the twentieth century now following the collapse of the soviet regime and the opening of its archives it is possible to step back and see the full picture in this classic work the author incorporates data from archives that were previously inaccessible not only to western but also to soviet historians as well as drawing on important recent russian publications such as the memoirs of one of the great survivors of soviet politics vyacheslav molotov impeccable in its scholarship and objectivity the book tells a gripping story of a marxist revolution that was intended to transform the world visited enormous suffering on the russian people and like the french revolution before it ended up by devouring its own children in a concluding section that will be of great interest to scholars in the field as well as the general reader the author treats the stalinist great purges as the last act of the drama of the russian revolution

outlines the causes of the revolution discusses agents and leaders who vied for state power and the eventual political solution

Eventually, **Russian Revolution** will entirely discover a new experience and carrying out by spending more cash. nevertheless when? complete you receive that you require to get those all needs later having significantly cash?
