taken against the arcadian backdrop of her woodland summer home in Virginia Sally Mann's extraordinary intimate photographs of her children Emmett Jessie and Virginia reveal truths that embody the individuality of her immediate family and ultimately take on a universal quality Mann states that her work is about everybody's memories as well as their fears a theme echoed by Reynolds Price in his eloquent poignantly reflective essay accompanying the photographs in Immediate Family with sublime dignity acute wit and feral grace Mann's pictures explore the eternal struggle between the child's simultaneous dependence and quest for autonomy the holding on and the breaking away this is the stuff of which Greek dramas are made impatience terror self discovery self doubt pain vulnerability role playing and a sense of immortality all of which converge in Sally Mann's astonishing photographs a traveling exhibition of Immediate Family organized by Aperture opened at the Institute of Contemporary Art in Philadelphia in the fall of 1992 all of the photographs in Immediate Family were taken with an 8 by 10 inch view camera

Mann's subjects are her small children a boy a girl and a new baby often shot when they're sick or hurt or just naked nosebleeds cuts hives chicken pox swollen eyes vomiting the usual trials of childhood can be alarmingly beautiful thrillingly sensual moments in Mann's portrait album her ambivalence about motherhood her delight and despair pushes Mann to delve deeper into the steaming mess of family life than most of us are willing to go what she comes up with is astonishing Vince Aletti the Village Voice

a succinct introduction to the life and works of Thomas Mann addressing both his literary texts and his personal life

this book offers new perspectives on text image hybridity in the context of life writing each chapter explores the very topical issue of how writers and artists combine two media in order to enhance the autobiographical narrative and experience of the reader it questions the position of images in relation to text both on the page and in terms of the power balance between media it also shows how hybridity operates beyond a semantic and cultural balance of power as the combination of text and images are able to produce content that would not have been possible separately including a range of life writing and different visual media from paintings and photography to graphic memoirs and social media this edited collection investigates the point at which an image whether fixed or moving enters the autobiographical act and confronts the verbal form

together they present a broad range of styles and media from oil acrylic and mixed media paintings and drawings to photography sculpture installation art and video and digital imagery

emphasizing the understanding of images and their influences on how they affect our attitudes beliefs and actions this fully updated sixth edition offers consequential ways of looking at images from the perspectives of photographers critics theoreticians historians curators and editors it invites informed conversations about meanings and implications of images providing multiple and sometimes conflicting answers to questions such as what are photographs should they be called art are they ethical what are their implications for self society and the world from showing how critics verbalize what they see in images and how they persuade us to see similarly to dealing with what different photographs might mean the book posits that some interpretations are better than others and explains how to deliberate among competing interpretations it looks at how the worth of photographs is judged aesthetically and socially offering samples and practical considerations for both studio critiques for artists and professional criticism for public audiences this book is a clear and accessible guide for students of art history photography and criticism as well as anyone interested in carefully looking at and talking about photographs and their effects on the world in which we live

women photographers and feminist aesthetics makes the case for a feminist aesthetics in photography by analysing key works of twenty two women photographers including cis and trans woman photographers claire raymond provides close readings of key photographs spanning the history of photography from nineteenth century europe to twenty first century africa and asia she offers original interpretations of well known photographers such as diane arbus sally mann and carrie mae weems analysing their work in relation to gender class and race the book also pays close attention to the way in which indigenous north americans have been represented through photography and the ways in which contemporary native american women photographers respond to this history developing the argument that through aesthetic force emerges the truly political the book moves beyond polarization of the aesthetic and the cultural instead photographic works are read for their subversive political and cultural force as it emerges through the aesthetics of the image this book is ideal for students of photography art history art and visual culture and gender
