we have all worked for or are working at bully inc an unforgiving workplace environment where the tyranny of the few is allowed to pollute the work experience of the many it costs from the estimated 20 billion lost to the economy alone each year in the uk to the day in day out rat on a wheel drudgery and fear in this game changing book author peter burnett dissects the phenomenon of workplace bullying which impacts one in three of the workforce he offers a road map out of this infectious 21st century workplace malaise a malaise that stretches from the smallest offices to the houses of parliament itself charged with legislating on behaviour in the workplace to the boardrooms of the very biggest global players bully inc shows how as a society we are now using technology to bully and how media itself can be charged as guilty in its preoccupation with celebrities visible in their own workplaces bully inc answers your fundamental questions about workplace bullying what is and what is not bullying at work why am i the target why and how do bullies get away with it what role do bystanders play bully inc is the definitive guide to neutralising and eliminating the bully in your workgroup if you re working at bully inc right now this book will help you bullying affects one in three of the work force right now you are probably sharing an office with at least one person

whose work life is being terrorised and dreads the everyday work experience the economic cost of this is put at 20 billion per annum why because an unhappy dysfunctional workplace is an inefficient one bully inc reveals the range of health ailments associated with bullying at work impacting both mental and physical health the strategies for coping with bullying and ultimately routes to eliminating it altogether the identity of a major uk employer with a global footprint as a template for how to structure work relationships and how by offering a receptive and connected working environment bullying is virtually eliminated how new thinking about bullying controversially frames the bully as much as a target as the bullied how one generation in particular has got it right in terms of their tolerances of bullying behaviours and how they are on course to neuter the issue for society generally how bullying permeates showbiz in the phenomenon of bullytainment where some celebs find themselves subject to online trolling which in extreme cases has caused some to consider taking their own lives

this analytical volume uses qualitative data quantitative data and direct employee experiences to aid understanding of why workplace bullying occurs in universities throughout the us to address higher education workplace bullying this text offers data driven interventions for human resource staff and departments to effectively tackle this destructive phenomenon drawing on hollis first hand research which is supported by findings from a 2019 human resources data collection this text identifies populations which are most vulnerable to discrimination within academia the data shows how human resource departments executive leadership and faculty might proactively intervene to prevent workplace bullying divided into two parts the book offers empirical analysis of structural interventions for human resource efforts to combat workplace bullying in higher education second the book puts forth solutions based on empirical findings for organizations and human resources to combat workplace aggression and civility which hurts higher education further the author examines the specific effect of workplace harassment and cyberbullying on women of color junior faculty women and the lgbtq community this text will benefit researchers doctoral students and conducting higher education research additionally the book focusses on structural issues which interfere with multicultural education more broadly those interested in human resource management the sociology of education and gender and sexuality studies and will also enjoy this volume

this book examines the ethical and legal aspects of workplace bullying from a global perspective through an in depth exploration of this psychologically destructive managerial technique it identifies workplace bullying as a highly potent tool in the short term to increase employee performance by deconstructing and exposing the dark side of workplace bullying not as a psychological harmful component not as a health related stress issue but instead as a management tool to exercise totalizing control over the employee this book explores the ethical modalities which managers tend to cross on a daily basis to get things accomplished within an organization this book offers researchers a thorough examination of management responsibilities and the power of enforcement strategies used by managers

this is a book written about workplace bullying which is a rapidly growing phenomenon in the workplace this books explains how to recognize bullying in its premature stages and the negative impacts bullying may have on both victims and bystanders bullying affects not only careers and job performance but may lead to serious physical and psychological problems an understanding of the bullying process is a first step in not only helping victims cope with it but in helping management overcome its bullying approach

description barsteadworth college is a book about workplace bullying the damage it causes and institutional suppression of the truth about

both workplace bullying is a hot contemporary topic it crops up in conversations between friends and colleagues and not infrequently in the television radio and print media it can often seem that everyone has either been bullied at work or knows someone who has however cases where a victim of workplace bullying has taken on the system and won are few and because of this are big news when they happen this is due in no small part to the routine use of gagging clauses in compromise agreements which bring to a close the one sided battles that take place between bullied employees and their employers managers victimised employees can find themselves placed in situations where they have no alternative but to resign and then contractually prohibited from speaking about their experiences by the agreement that terminates their employment thus it is ensured that the extent of the kind of abuses described in this book remains hidden and that one of the routine social sicknesses of our time and the knock on actual sicknesses that result stay largely invisible and unchallenged the author dr stephen riley has experienced workplace bullying and its damaging consequences firsthand and like many he is prohibited from speaking by a compromise agreement in barsteadworth college he therefore uses fiction as means of describing and analysing the issues dr dan ripley a fine art lecturer moves from manchester and takes a job at a provincial art college in the south of england after a time a new manager arrives and starts to appoint friends and family and to create preferential working conditions for herself and her clique those outside of the clique dan and two others are then subjected to a wide range of undermining activities from their line manager including staged public humiliations at meetings unmanageable workloads and endlessly contradictory instructions the book describes the gradual corrosive effects of the bullying fatigue loss of confidence confusion and then depression it then describes what happens when dan complains the college s managers close ranks and connive with the bullying line manager to discredit the allegations eliminate evidence and vilify the complainant ultimately barsteadworth college is an appeal to law and policy makers to address the current situation which is hopelessly skewed in favour of workplace bullies and against their victims and within this to address the question of how when suitable policies are in place institutions can be made to adhere to them and be answerable if they do not about the author stephen riley b 1955 is an artist lecturer and writer he grew up in a former cotton mill town on the eastern fringes of greater manchester where the conurbation meets the pennines he left school at 16 and worked for several years as an engineer in manchester and bristol before returning to education as a mature student to study fine art he studied in manchester exeter and canterbury before completing a doctorate at leeds university convinced of the liberating qualities of both art and education he wanted to share his knowledge and enthusiasm with others young people and others who like himself had rediscovered education as mature students in consequence as well as working as a practicing exhibiting artist he became a fine art lecturer he taught in colleges university colleges in kent greater manchester and yorkshire before taking a post at a provincial art school in the south of england here he was a well respected employee and colleague and a highly regarded lecturer acting course director and senior lecturer until the arrival of a new manager brought about a change in his fortunes ultimately facing stress related mental health problems he had to resign his post in circumstances th

workplace bullying is an area that has attracted significant press attention throughout the last decade a variety of well publicized surveys have revealed that this is an issue endemic in working life in britain and at a conservative estimate over half the working population can expect to experience bullying at work either directly by being bullied or through witnessing it at some stage in their careers this is now seen to be a disturbing event with something like a fifth of witnesses and a quarter of direct targets leaving their organizations this serious damage to individuals has been accorded little direct research in britain although it has resulted in court cases brought under health and

safety and equal opportunities legislation the recognition of the problem and the emergence of court cases have both served to focus employers on the need to deal with the issue the recent strike vote at ford in dagenham asking the employer to enforce existing anti harassment policies highlights the fact that having paper policies is not enough workplace bullying is derived from the largest survey ever carried out on workplace bullying supported by the cbi tuc federation of small businesses ipd and the hse among others this study covered 5 500 people but the book goes beyond it to explore all the issues associated with what is becoming a major issue in organizations

ready to take your career to the next level find out everything you need to know about beating bullying at work with this practical guide bullying at work can take many forms from unreasonable pressure to snide comments to overt abuse unfortunately this unpleasant behaviour is relatively widespread in the modern professional world and can leave victims feeling worthless and powerless if you are in this situation it is important to know that bullying is never your fault and that you do not have to suffer in silence there are many steps you can take to protect yourself and ensure that you are treated with the respect you deserve in 50 minutes you will be able to identify the signs of bullying and know if you are being bullied at work take action against bullies and ensure that their actions do not go unchallenged find out what your rights are in cases of workplace bullying about 50minutes com coaching the coaching series from the 50minutes collection is aimed at all those who at any stage in their careers are looking to acquire personal or professional skills adapt to new situations or simply re evaluate their work life balance the concise and effective style of our guides enables you to gain an in depth understanding of a broad range of concepts combining theory constructive examples and practical exercises to enhance your learning

a team of interdisciplinary experts provides an up to date review of current theories empirical research and management strategies that will help organizations address workplace bullying through both prevention and intervention workplace bullying is a serious issue that can lead to anxiety depression substance abuse absenteeism sleep disturbances and post traumatic stress syndrome this book has a simple goal to help employers see bullying and stop it it does that by providing organizations with best practices management strategies for bullying prevention and protocols for investigating bullying complaints part i of the book overviews workplace bullying discussing incidence psychological dimensions and explanatory models it looks at reasons bullies do what they do at the difference between a tough boss and a bully and at the cost of bullying for organizations equally important are the book s insights into the impact of bullying on employees everyday problems of employees targeted by bullies at work are illustrated including the resulting psychological distress that can lead to suicide part ii of the work focuses on prevention and coping and on legislation that protects employees including title vii of the 1964 civil rights act finally to help both employers and employees the book offers sample anti bully policies and bully awareness training programs and also lists organizations concerned with workplace bullying

workplace bullying is a severe and pervasive problem around the globe and in particular in the united states where no meaningful steps have been taken to address this problem this book will help readers to understand and to define workplace bullying to be able to prevent detect remedy and eliminate workplace bullying readers will gain an understanding of the forms causes and effects of workplace bullying readers will also be able to understand the current gaps in u s law and become familiar with more effective international laws to address workplace bullying finally the reader will be presented with the potential paths to put an end to workplace bullying in their own workplace and in

workplaces across the globe

this book identifies potential support for workplace victimization through an examination of employee s needs and needs based motivation theories based on contemporary research in victimology and long standing needs based theories it outlines how workplace bullying victims needs can be identified and how victims of workplace harassment can be empowered through the development and attainment of their unmet needs the volume will be of interest to practitioners at the intersection of organizational and forensic psychology practitioners examining lacking needs as motivators for workplace bullying or harassment

this book gives in depth insights into the core issues of workplace bullying from the perspectives of the individuals involved their interpersonal relationships the group dynamics and organisational contexts workplace bullying is costly increasingly petty conflicts are being registered as formal complaints and in no time legalities take over and costs spiral out of control preventive actions and interventions need to be based on a sound knowledge of the deeper issues which foster bullying scenarios this book gets to the roots of why and how bullying occurs four main chapters are devoted to individuals interpersonal relationships group dynamics and organisational contexts the fifth chapter is a case study of the turn round of a workplace in which bullying was rife there are three recurring themes recognition loss and space new ways of conceptualising bullying are presented from drawing on the literature on the subject as well as a range of psychodynamics theories bullying is described as a perverse and pernicious form of projective identification occurring around organisational vacuums and structural fractures

workplace bullying is tough for everyone preventing workplace bullying helps managers and consultants clarify what is and isn t bullying and gives excellent guidance on how to deal with it charlotte rayner professor of human resource management portsmouth business school uk workplace bullying is more common and costly than most people realise it can make life unbearable for employees in any industry and ultimately undermine an organisation s bottom line in this practical guide carlo caponecchia and anne wyatt explain how to identify workplace bullying and apply best practice to preventing and managing it they outline what constitutes bullying at work demystify some of the controversial issues and discuss the various factors which influence workplace bullying the responsibilities of management and legal implications in different countries are outlined and supported with best practice guides for policies complaints procedures and risk management systems options and resources for targets experiencing bullying are also explored these ideas and concepts are illustrated throughout with real case studies this evidence based book on workplace bullying is a valuable resource for organisations of all sizes and for anyone affected by bullying at work including employees human resource managers workplace consultants counsellors mediators and legal advisors

a succinct and easy to read description of bullying behaviour in the workplace this book provides focused background information about the challenging interpersonal and intrapersonal relationships of the bullying drama the text is presented in three parts part i the bullying phenomenon part ii narratives of those affected by workplace bullying and part iii bullying and the law part i focuses on the complex and multifaceted dynamics of workplace bullying the environment in which bullying can take place with emphasis on the bully the target victim and the bystander the different types of bullying the effects on employees and the consequences on the organisation are discussed in part ii

the real narratives of six individuals who have experienced workplace bullying are presented their account is followed with a reflection and commentary by each participant since the voices of the bullied are seldom heard it is important to appreciate and understand the impact of bullying behaviour at work through the narratives of the six participants who all give a meticulous account of their own experiences these full and often painstaking accounts shed light on the impact of seemingly insignificant behaviours and the difficulty therein to raise concerns the hidden complexities of workplace bullying behaviour are laid bare as the legal aspect in relation to workplace bullying may not initially enter a therapy session or a discussion by others surrounding a bullying episode it may at some point arise when an adverse situation is taken further and ends in an industrial tribunal therefore in part iii employment laws with respect to discrimination and harassment are discussed across comparable jurisdictions the book ends with some useful websites and recommended reading this work is highly recommended for managers supervisors and leaders be it in the public sector e g healthcare and education or the corporate world and also therapists and management consultants it is also a must read for those who have experienced or are experiencing bullying at work to show them they are not alone and give them tools to deal with the repercussions of such behaviour

evelyn field s masterful analysis of the ways we can help employees cope with and overcome workplace bullying and harassment is a must read for all concerned about how to right this wrong dr philip zimbaro stanford university and author of the lucifer effect understanding how good people turn evil kudos to bully expert evelyn field for this helpful book features many i can use that today techniques read it and reap sam horn author of take the bully by the horns and tongue fu usa no one goes to work to be humiliated abused ostracised subjected to rumours or assaulted yet this is the reality of a working day for more than one in six workers bullying causes billions of dollars in lost productivity expensive mistakes employee replacement costs and health and welfare rehabilitation expenses most workplaces currently have few resources and systems to deal with the problem leaving the victims to sink or swim and the bullies to remain professionally incompetent few understand that bullying is not tough management or an aggressive personality trait to be suffered severe and unremitting bullying catapults the victim into such a damaging emotional state that it can lead to the breakdown of their very survival mechanisms bully blocking at work reveals for the first time the true evil nature of workplace bullying helping the reader to understand its toxic destructive impact on all employees whether they are targets bullies or onlookers and provides advice for coping and confronting bullying from both a personal and organisational perspective the author has worked as a psychologist for over thirty years and has spent many hours listening to clients conducting interviews reading speaking and writing about workplace bullying sprinkled liberally throughout the pages are quotes from the many sufferers of bullying that the author has personally worked with over many years

this book bridges an existing gap in the literature relating to the study of workplace abuse incivility and bullying it provides broad perspectives to capture some of the diversity associated with the study of negative human behaviours using different methodological approaches and in different cultural contexts studies in the area have grown in leaps and bounds over the last few decades as we come to know more about the nature of these adverse behaviours the reasons they happen and the impact they have on individuals and beyond new gaps in knowledge emerge on one hand the paucity of research is assisting in better understanding and management of these negative behaviours on another generalised information without an appreciation of the context in which the behaviours unfold may be detrimental to the cause especially given a globalised and multicultural world workplace abuse incivility and bullying presents findings from under

researched methodological and unique cultural perspectives such an approach will allow us to gain deep insights into the diversity and complexities associated with perceiving being subjected to and experiencing negative behaviours at work the book has applicability across a broad range of audience from academics through to practitioners and even victims and suspected perpetrators

being bullied in your workplace can harm your health and threaten your livelihood this book is a guide to surviving workplace bullying using many of the methods that psychologists typically use to assist their bullied clients the book explores the dynamics of bullying and the psychology of both bullies and their targets to allow the reader a better understanding of their experience the book is designed for Canadians and reviews Canadian legislation and resources the examples on topics like whistleblowing are Canadian examples rates of bullying in various Canadian occupational groups are reviewed this book should be particularly helpful to anyone experiencing workplace bullying who does not have access to professional resources
