this revised first edition is a comprehensive easy to read introduction to personal counseling written for professional and volunteer counselors and those who train them a major new addition to the book making it particularly attractive to those who train counselors is the inclusion of training group exercises for all skills chapters after reading a particular chapter the exercises relating to that chapter in part vi of the book can be used by trainers to greatly enhance the learning process these exercises have been found to be

popular with both students and those teaching them the chapters describing basic and more advanced counseling skills are arranged in a sequence that is particularly suitable when teaching student counselors to learn and practice using these skills for the first time the authors adopt an integrative approach that allows the reader to learn understand and use skills taken from major counseling approaches and to integrate these into a sequential process that maximizes the possibility of facilitating change in clients of considerable value for new counselors are those sections of the book that describe the fundamental principles of the counseling relationship and explain the theories of change applicable to the various approaches to counseling unique features include a highly practical integrative approach discussion of the specific skills required for success practical suggestions on ways to learn and develop new skills an understanding of the role of a counselor s supervisor information on practical issues such as keeping records arrangement of the counseling room and ways to look after yourself as a counselor plus practical information on issues of confidentiality and professional ethics the text will serve as a valuable resource for workers in a wide variety of helping professions where counseling skills are useful such as psychology social work welfare work medicine nursing human services and education

a handbook on lay counseling including an overview and how to information for leaders and lay counselors reverend siang yang tan s helpful book also includes a forward by gary r collins

many pastors and lay counselors have had minimal training in clinical methods of grief counseling helping those in grief is a biblical practical guide to pastoral counseling written by one of the most respected christian therapists of our time this book is the next step after wright s best selling the new guide to crisis and trauma counseling wright brings more than 40 years of clinical and classroom experience to this topic and shares real life dialogs from his private practice to demonstrate healthy healing counseling sessions readers will learn how to counsel and coach both believers and non believers who are grieving how to walk alongside them and how to help them find the path to complete restoration

providing a frame of reference for training and practice this text translates theory into practical strategies and techniques that demonstrate to readers what it s like in working practice

used in top counseling psychology and social work programs current psychotherapies is the ideal resource to not only help you excel in the course but also to learn compare and apply the major systems of psychotherapy in a way that will be meaningful in your own practice each contributor is either an originator or a leading proponent of one of the

systems and each presents the basic principles of the system in a clear and straightforward manner discussing it in the context of the other systems theory chapters include a case example that guides you through the problem evaluation treatment and follow up process accompanying current psychotherapies is case studies in psychotherapy each case demonstrates the basic techniques and methods of the theory being illustrated this edition retains classic case studies by harold mosak carl rogers albert ellis arnold lazarus and peggy papp

for undergraduate and graduate courses in child therapy and counseling preeminent psychologist dr albert ellis combines forces with other renowned therapists to create this rare and inclusive book that captures the realities of counseling with children rather than using a traditional case study approach this work features verbatim transcripts that convey real issues ranging from anger management and self esteem to peer pressure and bed wetting

the counseling dictionary is an excellent resource that will serve both experienced and novice counselors for years to come it features the most up to date and comprehensive reference work in the field of counseling and includes 400 new terms an expanded appendix of prominent names in the field of counseling an up to date brief history of the counseling profession and a new appendix featuring nationally prominent helping associations and organizations terms in the dictionary are cross referenced and written in a concise and easy to understand way
