adding to the burgeoning study of medicine and science in latin america this important book offers a comprehensive historical perspective on the highly contentious issues of sexual and reproductive health in an important andean nation raúl necochea López approaches family planning as a historical phenomenon layered with medical social economic and moral implications at stake in this complex mix were new notions of individual autonomy the future of gender relations and national prosperity the implementation of peru's first family planning programs led to a rapid professionalization of fertility control complicating the evolution of associated medical services were the conflicting agendas of ordinary citizens power brokers from governmental and military sectors clergy and international health groups while family planning promised a greater degree of control over individuals intimate lives as well as opportunities for economic improvement through the effective management of birth rates the success of attempts to regulate fertility was far from assured today necochea López observes although the quality of family planning resources in peru has improved services remain far from equitably available

targets of hatred charts the development of the anti abortion movement in north america beginning in the years preceding the 1973 roe vs wade decision that legalized abortion the book examines the roles played by the catholic church fundamentalist protestants and republican and democratic parties and assesses points of overlap and divergence the voices of more than 190 providers in the united states and canada clinic owners doctors nurses technicians and their families give readers an in depth look at what it means to work in a field in which arson bombings harassment and killing are routine filled with dramatic eye witness accounts of anti abortion terrorism the book demonstrates law enforcement's failure to stem the violence and is a call to arms for concerned individuals

how have the us armed forces been transformed by integration one of the great ironies of american history since world war ii is that the military typically a conservative institution has often been at the forefront of civil rights in the 1940s the 1970s and the early 2000s military integration and promotion policies were in many ways more progressive than similar efforts in the civilian world today the military is one of the best ways for people from marginalized groups to succeed based solely on job performance integrating the us military traces the experiences of african americans japanese americans women and gay men and lesbians in the armed forces since world war ii by examining controversies from racial integration to the dismantling of don't ask don't tell to the recent repeal of the ban on women in combat these essays show that the military is an important institution in which social change is confirmed and occasionally accelerated remarkably the challenges launched

against the racial gender and sexual status quo in the postwar years have also broadly transformed overarching ideas about power citizenship and america s role in the world the first comparative study of legally marginalized groups within the armed services integrating the us military is a unique look at the history of military integration in theory and in practice the book underscores the complicated struggle that accompanied integration and sheds new light on a broad range of comparable issues that affect civilian society including affirmative action marriage laws and sexual harassment

three years in the life of a single mother who struggles with returning to college and learning the complicated world of hospital nursing with humor and determination kelly juggles divorce single parenthood college classes family illness dating a new career and an unplanned pregnancy is independence really worth it kelly s efforts to endure are often poignant and funny
