recent studies regarding the neuropathology of specific neurological disorders suggest that both neurodevelopmental and neurodegenerative

processes may play a role however in contrast to the neurodegeneration seen in neurological disorders such as parkinson s and alzheimer s disease the term neuroprogression has been used to describe the neurodevelopmental aspect of pathological brain re wiring that takes place in the context of severe psychiatric disorders such as schizophrenia or bipolar disorder within psychiatry patients with severe psychopathology such as those depressed patients who eventually commit suicide have been shown to present with increased inflammatory markers in the brain a similar increase in inflammatory markers is also found in patients with bipolar disorders and schizophrenia thus oxidative stress inflammation and changes in growth factors are thought to be the pathways of neuroprogression neuroprogression in psychiatry provides a comprehensive summary of the current developments in the emerging field of neuroprogression with contributions by leading researchers in the field this book examines the role of neuroprogression across a wide range of specific psychiatric disorders with chapters included on major depressive disorder anxiety disorder post traumatic stress disorder substance abuse schizophrenia and bipolar disorder

sir bevis of hampton is arguably one of the most important non arthurian romances in middle english but it is only comparatively recently that it has received much scholarly or critical attention originating in england the story of bevis was immensely popular and influential during the late medieval and early modern periods both in the british isles and in continental europe the middle english bevis was translated around 1300 from an anglo norman original which spawned versions both written and oral in a dozen or so languages these range in date from the beginning of the fourteenth century to within living memory when a version of the story was still being performed by sicilian puppeteers the printing history of bevis as well as references to the romance in the works of such writers as shakespeare spenser bunyan drayton and steele indicates that it was still being widely read in english until well into the early modern period this parallel text edition is designed to complement rather than to supplant earlier editions of bevis

such as that produced by eugen kolbing and published for the early english text society in 1885 1894 a substantial introduction and extensive annotation place the middle english romance in its literary and cultural contexts from the fourteenth century down to the present day the principal aims of the edition are to indicate the variety and complexity of the textual tradition of bevis and to provide material for further more nuanced approaches to a significant cultural phenomenon
