victory through faith friends and determination is an account of the treatment to which some workers are unfortunately subjected it tells of  
one nurse s unfortunate experience and how her faith in god encouragement from friends and a determination to be a person of  
excellence kept her on the right track and sane during a very very difficult period of her work life it is the author s hope that this book and  
her experiences will be a source of inspiration to those in similar situations and an impetus for higher management to work towards  
ending such unacceptable behaviours and creating more harmonious workplaces and happier employees

a scientist explores the harmony between christian faith and science though some christians and many skeptics see science and  
christianity as locked in a never ending battle geologist gregg davidson contends that there is tremendous harmony between scripture  
and modern science many apparent conflicts arise when the bible is interpreted apart from its literary and historical contexts but when  
these are taken into account most alleged clashes resolve proceeding from a belief that scripture is inspired and without error and that  
god s creation should inform how we interpret the bible davidson shows that scripture and science need not disagree on issues like the  
age of the earth adam and eve noah s flood the origin and development of life and numerous related topics rather christians can rejoice  
at how god s glory is revealed in both the bible and the natural world
