Comninel Benjamin Breckinridge Warfield Danvers Historical Society Karl M. Dallenbach*

following on from roy bhaskar s first two books a realist theory of science and the possibility of naturalism scientific realism and human emancipation establishes the conception of social science as explanatory and thence emancipatory critique scientific realism and human emancipation starts from an assessment of the impasse of contemporary accounts of science as stemming from an incomplete critique of positivism it then proceeds to a systematic exposition of scientific realism in the form of transcendental realism highlighting a conception of science as explanatory of a structured differentiated and changing world turning to the social domain the book argues for a view of the social order as conditioned by and emergent from nature advocating a critical naturalism the author shows how the transformational model of social activity together with the conception of social science as explanatory critique which it entails resolves the divisions and dualisms besetting orthodox social and normative theory between society and the individual structure and agency meaning and behavior mind and body reason and cause fact and value and theory and practice the book then goes on to discuss the emancipatory implications of social science and sketches the nature of the depth investigation characteristically entailed in the highly innovative third part of the book roy bhaskar completes his critique of positivism by developing a theory of philosophical discourse and ideology on

the basis of the transcendental realism and critical naturalism already developed showing how positivism functions as a restrictive ideology of and for science and other social practices

records of meetings papers etc of the department are also to be found in proceedings of the national education association

this book considers karl marx s ideas in relation to the social and political context in which he lived and wrote it emphasizes both the continuity of his commitment to the cause of full human emancipation and the role of his critique of political economy in conceiving history to be the history of class struggles the book follows his developing ideas from before he encountered political economy through the politics of 1848 and the bonapartist farce the maturation of the critique of political economy in the grundrisse and capital and his engagement with the politics of the first international and the legacy of the paris commune notwithstanding errors in historical judgment largely reflecting the influence of dominant liberal historiography marx laid the foundations for a new social theory premised upon the historical consequences of alienation and the potential for human freedom

includes section reviews of recent theological literature
