identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs

for approaching two centuries the images on postage stamps have been used to convey messages from the government of the day to the general public science has been used to enhance those messages for the past nine decades in this book i explore the ways in which science and scientists have been portrayed on stamps and look at the ideas and in some cases the propaganda that underpins them page 1

many years back stamp collecting was an extra curricular activity of school kids around the world modern technology was thought to have killed this hobby due to the decrease in the usage and demand of postage stamps out of surprise this turned out to be untrue out of 60 million stamp collectors around the world one third come from china wealthy chinese are now beginning to buy back their heritage on a massive scale investors are laughing their way to the bank with significant gains on their china stamp portfolio this 268 page book fully illustrated with pictures reveals everything you need to know about china stamps and how to build a solid collection for potential future liquidation

buddhism as a model of religious life and spiritual path has been widely practiced across the world it began around 2 610 years ago in india when siddhartha gautama discovered how to bring happiness into the world edwin arnold has fittingly called gautama buddha the light of asia wisdom of the world buddhism is relevant to the present world because of the environment crisis we are facing at present and we are heading towards mass extinction of species we live in an age of conflict and war of hatred and violence all over the world this book besides being a visual delight for any reader will be useful to people from all walks of life whether they are academicians philatelists researchers on buddhism or non violence and world peace
