florence l bowman's *britain in the middle ages* offers an incisive exploration of the complex tapestry of medieval british history the author intricately weaves the political cultural and social threads of england scotland wales and ireland revealing the interplay that shaped the british isles during a period of profound transformation armed with a formidable academic background bowman employs a scholarly yet accessible prose style that navigates the reader through the vicissitudes of medieval diplomacy most notably britain's entanglements with france the book is a work of meticulous research set within the greater narrative of european history contributing significantly to the understanding of medieval statecraft and territorial identity bowman's academic pedigree with foundations in both cambridge and oxford positions her uniquely to dissect this era with authority and insight her expertise is evident in the nuanced portrayal of regional interdependencies and rivalry personal passion combined with scholastic rigor propels this survey of historical intricacies shaped undoubtedly by bowman's academic milieu and extensive study of european political dynamics targeted towards history enthusiasts and scholars alike *britain in the middle ages* is a vital addition to any collection its blend of depth and readability makes it an indispensable resource for those seeking to unravel the enigma of medieval british politics and society bowman's erudition presents a captivating journey for readers eager to fathom the intricacies of a world both distant and remarkably influential to

contemporary geopolitical landscapes

dramatic social and economic change during the middle ages altered the lives of the people of britain in far reaching ways from the structure of their families to the ways they made their livings in this masterly book preeminent medieval historian christopher dyer presents a fresh view of the british economy from the ninth to the sixteenth century and a vivid new account of medieval life he begins his volume with the formation of towns and villages in the ninth and tenth centuries and ends with the inflation population rise and colonial expansion of the sixteenth century this is a book about ideas and attitudes as well as the material world and dyer shows how people regarded the economy and responded to economic change he examines the growth of towns the clearing of lands the great famine the black death and the upheavals of the fifteenth century through the eyes of those who experienced them he also explores the dilemmas and decisions of those who were making a living in a changing world from peasants artisans and wage earners to barons and monks drawing on archaeological and landscape evidence along with more conventional archives and records the author offers here an engaging survey of british medieval economic history unrivaled in breadth and clarity

looks at the history of britain from the norman conquest to the defeat of richard iii and discusses village life the manor system the magna carta development of the courts and voyages of discovery

there is no more haunting compelling period in britain s history than the later middle ages the extraordinary kings edward iii and henry v the great warriors richard ii and henry vi tragic inadequates killed by their failure to use their power and richard iii the demon king the extraordinary events the black death that destroyed a third of the population the peasants revolt the wars of the roses the battle of agincourt the extraordinary artistic achievements the great churches castles and tombs that still dominate the landscape the birth of the english language in the canterbury tales for the first time in a generation a historian has had the vision and confidence to write a spell binding account of the era immortalised by shakespeare s history

plays the hollow crown brilliantly brings to life for the reader a world we have long lost a strange catholic rural country of monks peasants knights and merchants almost perpetually at war but continues to define so much of england s national myth

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

this authoritative survey of britain in the later middle ages comprises 28 chapters written by leading figures in the field covers social economic political religious and cultural history in england ireland scotland and wales provides a guide to the historical debates over the later middle ages addresses questions at the leading edge of historical scholarship each chapter includes suggestions for further reading

in 1917 the british issued the balfour declaration for military and strategic reasons this book analyses why and how the british took on the palestine mandate it explores how their interests and policies changed during its course and why they evacuated the country in 1948 during the first decade of the mandate the british enjoyed an influx of jewish capital mobilized by the zionists which enabled them not only to fund the administration of palestine but also her own regional imperial projects but in the mid 1930s as the clouds of world war two gathered britain s commitment to zionism was superseded by the need to secure her strategic assets in the middle east in consequence she switched to a policy of appeasing the arabs in 1947 britain abandoned her attempts to impose a settlement in palestine that would be acceptable to the arab states and referred palestine to the united nations without recommendations leaving the antagonists to settle their conflict on the battlefield based on archival sources and the most up to date scholarly research this comprehensive history offers new insights into arab british and zionist policies it is a must read for anyone with an interest in palestine israel british colonialism and the middle east in

general

in this comprehensive study gat looks at british policy in the period leading up to the six day war although britain holds center stage in this account the study discusses in some detail american policy and its effect on the arab israeli conflict it also focuses on the middle east water dispute its impact on future events and eventually the outbreak of war in 1967 this is a fascinating look at the process by which the middle east became yet another cold war playground to date most scholars on the arab israeli conflict have focused on the events of the six day war rather than on the tumultuous years prior to the war gat is the first to examine this turbulent yet decisive chapter in the history of the middle east within the context of the cold war while making extensive use of british american and israeli archives

this title provides an introduction to every aspect of life in medieval britain from the glorious reigns of kings and queens to the ordinary lives of peasants to the extraordinary lives of knights heroes and rebels

this book based on recently declassified documents in britain and the usa is the first detailed account of britain s east of suez decision which was taken by the harold wilson government in 1967 68 contrary to received opinion the author argues that the decision was not taken hastily as a result of the november 1967 devaluation nor is there any hard evidence to support the notion that there existed a pound defence deal with the usa despite washington s pressure to maintain britain s east of suez role the decision was taken by the labour government on the basis of a long term effort to re examine britain s world role since 1959 and it marked the end of an era for postwar britain
