for more than a decade following 1925 one of the most widely discussed and debated issues in the black press was the brotherhood of sleeping car porters bscp and its efforts to gain recognition from the pullman company as bargaining agent for porters and maids indeed the bscp commanded attention out of all proportion to the relative importance of the 12 000 service employees at pullman compared to the total black work force especially when at one time the union had fewer than 700 members thus this is not a book about the sleeping car porters as such but a book about their union that focuses upon leadership the charismatic a philip randolph articulating the porters grievances and working in close relationship with his lieutenants who organized the porters while he appealed for support among the public was the central figure in the bscp through effective use of propaganda randolph transformed the weak brotherhood into a major movement for advancement of black people but the study also shows how heavily randolph relied upon his associates individuals who by and large have remained in obscurity but without whom the bscp could not have succeeded in this sense a subsidiary theme is the limits of charismatic leadership preface first edition p xiii
