the first book on santer s holiest divination system the diloggun explores the lore surrounding this mysterious oracle the living bible of one of the world s fastest growing faiths examines each family of odu and how their actions affect the spiritual development of the individual an indispensable guide to the mysteries of the orishas

key to african studies is understanding the knowledge systems of the continent and her diaspora the representation and understanding of africa are dependent on the observer s definition of knowledge afrocentric knowledge is comprised of a collection of political religious and indigenous belief systems religious beliefs and knowledge systems in africa begins with deconstructing the western philosophy of knowledge before defining and exploring the epistemic disciplines of africa it transcends postcolonial critique through an afrocentric approach to knowledge divided into three key themes the first of these is the african worldview exploring knowledge through eldership witchcraft and divination this is followed up by kingship ideology and epistemologies exploring discussing how politics religion and belief shape african society finally the world religion chapter examines

christianity islam and pentecostalism in their impact on african ways of knowing this book calls to action new fields of study in universities encouraging a greater understanding of african ways of knowing through more nuanced disciplines

this book treaty of the odu ifá synthesis third edition in english is a translation from the spanish of the third special edition which deals with important aspects of the odu such as ifa de sayings births emphasis signs ifa says prohibitions recommendations herbs jobs and eboses the novelty in this edition we have added enough illustrations of the important aspects that must stand out in each odu with the aim of facilitating the english speaking babalawos who are not very related to these afro cuban dialects used in ifá and osha may have a clearer idea of the different aspects that are discussed here to these people i suggest that to have a better understanding of these dialects to be helped by other complementary literatures such as yoruba vocabulary and lukumi and food and adimú for the santos both by marcelo madan which will be a very valuable help for the understanding of these terms and languages used regularly in the works and eboses

in the 1960s black studies emerged as both an academic field and a radical new ideological paradigm editors molefi kete asante and ama mazama black studies temple u both influential and renowned scholars have compiled an encyclopedia for students high school and beyond and general readers it presents analysis of key individuals events a

since 1964 the national aeronautics and space administration nasa has supported a program of summer faculty fellowships for engineering and science educators in a series of collaborations between nasa research and development centers and nearby universities engineering faculty members spend 10 weeks working with professional peers on research the summer faculty program committee of the american society for engineering education supervises the programs the objectives of this program are 1 to further the professional knowledge of qualified engineering and science faculty members 2 to stimulate and

exchange ideas between participants and nasa 3 to enrich and refresh the research and teaching activities of participants institutions and 4 to contribute to the research objectives of the nasa center college or university faculty members will be appointed as research fellows to spend 10 weeks in cooperative research and study at the nasa langley research center the fellow will devote approximately 90 percent of the time to a research problem and the remaining time to a study program the study program will consist of lectures and seminars on topics of interest or that are directly relevant to the fellows research topics the lectures and seminar leaders will be distinguished scientists and engineers from nasa education or industry

from st augustine and early ethiopian philosophers to the anti colonialist movements of pan africanism and negritude this encyclopedia offers a comprehensive view of african thought covering the intellectual tradition both on the continent in its entirety and throughout the african diaspora in the americas and in europe the term african thought has been interpreted in the broadest sense to embrace all those forms of discourse philosophy political thought religion literature important social movements that contribute to the formulation of a distinctive vision of the world determined by or derived from the african experience the encyclopedia is a large scale work of 350 entries covering major topics involved in the development of african thought including historical figures and important social movements producing a collection that is an essential resource for teaching an invaluable companion to independent research and a solid guide for further study

these treatises of the odu of ifá in volumes are very complete since in addition to treating the afro cuban odu de ifá they also contain traditional african ifá treatises both gather thousands of pataki or histories thousands of eboses and works which will make it easier for you to deepen your study and solve any situation that arises in the religious field of consulting the ifa oracle the synthesis of the treaties of the odu of ifá already published by me previously is nothing more than as its name indicates a synthesis of these treaties

whose objective was always to support to the babalawo as a handy pocket reminder based on the fact that it has been studied and deepened before in the study of these volumes which will lead you to have the most complete knowledge about ifá for these reasons it is highly recommended to have this valuable information in your library we have grouped only two odu per book to make it as cheap as possible and facilitate its acquisition

includes lists of orders rules bills etc
