the emergence of new states and independence movements after the cold war has intensified the long standing disagreement among international lawyers over the right of self determination especially the right of secession knop shifts the discussion from the articulation of the right to its interpretation she argues that the practice of interpretation involves and illuminates a problem of diversity raised by the exclusion of many of the groups that self determination most affects distinguishing different types of exclusion and the relationships between them reveals the deep structures biases and stakes in the decisions and scholarship on self determination knop s analysis also reveals that the leading cases have grappled with these embedded inequalities challenges by colonies ethnic nations indigenous peoples women and others to the gender and cultural biases of international law emerge as integral to the interpretation of self determination historically as do attempts by judges and other institutional interpreters to meet these challenges

beyond civil disobedience and the citizen s power to protest and defy law this book looks at rule departures actually sanctioned by law this acclaimed study by philosophy professor mortimer kadish and law professor sanford kadish is a truly interdisciplinary inquiry into the idea of departing from the strict letter of the law in a way that they argue actually comports with both law and morality an instant classic and source of debate when first published by stanford university press in 1973 this book still resonates on questions of rule violations for the greater good jury nullification police and prosecutor discretion not to arrest or charge civil disobedience and the very concept of rules both citizens and government actors they write hold the power and the right to deviate from law in certain contexts and yet not act illegally in a sense because law itself contains strands of adaptations to

its own departures that the authors weave into a sustained jurisprudential point as one reviewer soon wrote the paradoxical idea that a citizen or official may lawfully break the law will surely raise the hackles of any legal positivist yet it remains a challenging idea well worth considering this book despite its reputation in the fields of law and philosophy is actually accessible to fields and scholars beyond and to citizens who are finding their rightful place among the powers of governmental institutions part of the classics of law society series from quid pro includes 2010 notes by the series editor and is available in new high quality digital formats as well
