the con50le is a comprehensive yet conversational account of 50 years of home video gaming history leaving no rarely sighted system unturned and providing a chronological account of the evolution of the biggest entertainment medium in the world from the earliest consoles of the 1970s to the cutting edge machines of the here and now a line is drawn from one man's eureka moment to the multi billion dollar global industry of today all the well known names and massive selling consoles are here the nintendo entertainment system the sega mega drive the atari 2600 the xbox 360 the playstation 2 but there's plenty of room for hardware that many a gamer won't have heard of before from japan only releases and home computer conversions to ill advised experiments with vhs and all manner of micro console magic learn about the creators and their inspirations the games that made the biggest consoles eternal reputations and the failures and flops along the way even the consoles that came and went without notable commercial success left a mark an imprint on this compelling history and the con50le unravels it explains it one fascinating machine at a time

how the super nintendo entertainment system embodied nintendo's resistance to innovation and took the company from industry leadership to the margins of videogaming this is a book about the super nintendo entertainment system that is not celebratory or self congratulatory most other accounts declare the super nes the undisputed victor of the 16 bit console wars of 1989 1995 in this book dominic arsenault reminds us that although the snes was a strong platform filled with high quality games it was also the product of a short sighted corporate vision focused on maintaining nintendo's market share and business model this led the firm to fall from a dominant position during its golden age dubbed by arsenault the renaissance with the nes to the margins of the industry with the nintendo 64 and gamecube consoles arsenault argues that nintendo's conservative business strategies and resistance to innovation during the snes years explain its market defeat by sony's playstation extending the notion of platform to include the marketing forces that shape and constrain creative work arsenault draws not only on game studies and histories but on game magazines boxes manuals and advertisements to identify the technological discourses and business models that formed nintendo's super power he also describes the cultural changes in video games during the 1990s that slowly eroded the love of gamer enthusiasts for the snes as the nintendo generation matured finally he chronicles the many technological changes that occurred through the snes's lifetime including full motion video cd rom storage and the shift to 3d graphics because of the snes platform's architecture arsenault explains nintendo resisted these changes and continued to focus on traditional gameplay genres

despite record sales and an ever growing global industry the simple fact is that videogames are disappearing most obviously the physical deterioration of discs cartridges consoles and controllers means that the data and devices will crumble to dust and eventually will be lost forever however there is more to the disappearance of videogames than plastic corrosion and bit rot best before examines how the videogames industry's retail publishing technology design advertising and marketing practices actively produce obsolescence wearing out and retiring old games to make way for the always new just out of reach coming soon title and next generation platform set against the context of material deterioration and the discursive production of obsolescence best before examines the conceptual and practical challenges faced within the nascent field of game preservation understanding videogames as rich complex and mutable texts and experiences that are supported and sustained by cultures of gameplay and fandom best before considers how and even whether we might preserve and present games for future generations

the bestselling videogames annual is back bursting with mind blowing records and tantalizing trivia the guinness world records 2016 gamer's edition is a must have for any gaming fan whether you're all about the latest first person shooter an app aficionado an mmo master or a die hard retro gamer you'll find show stopping records top 10 roundups quick fire facts and stats and hundreds of amazing new images from all your favorite games what's more brand new for this year's book is a dedicated section just for minecraft fans with a mega showcase of the greatest construction records in game tips and lots more blocky goodness plus discover which tech milestones have been smashed in the last year in both software and hardware get all the insider secrets from industry experts and marvel at the players who have leveled up to the very top of the leaderboards think you can challenge the current champions look inside to see how to break your very own record guinness world records gamer's editions have sold a whopping 3 million copies find out for yourself why it's a game changer

comprising the sermons preached by william sloane coffin while he was senior minister at the prestigious riverside church in new york city the collected sermons of william sloane coffin the riverside years captures the renowned preacher and social activist at work ministering to american hostages in iran supporting aids awareness and rallying his audiences to battle poverty and nuclear proliferation all the while celebrating marriages baptisms and mother's days and mourning the loss of loved ones including his own son in each of these brilliant and painstakingly crafted sermons coffin combined his deep love of scripture and passionate commitment to peace and justice with his unparalleled gift for the spoken word while also

revealing the personal and pastoral dimensions of his ministry each sermon provides a powerful example of coffin s well accomplished mission to challenge the conscience of a nation

in the short period between the late 1960s when the national gallery of australia project received the go ahead from government and its opening in 1982 the national collection of art took shape twenty years later this book of essays tells how the various collections which make up the national collection came into being and the way they continue to evolve the authors include the gallery s three directors and another three young men when the gallery opened who are now gallery directors themselves others close to the circumstances of the beginnings of the collections provide insightful commentary the stories included are as varied and full of interest as the collections themselves
