the blues encyclopedia is the first full length authoritative encyclopedia on the blues as a musical form while other books have collected biographies of blues performers none have taken a scholarly approach a to z in format this encyclopedia covers not only the performers but also musical styles regions record labels and cultural aspects of the blues including race and gender issues special attention is paid to discographies and bibliographies

this method is loaded with information in the author s words the electric bass is in a very exciting developmental period no longer does it just provide low end support now entire songs are built around the bass line this method is both easy to understand and thorough it provides the theory and technique needed to play contemporary bass and it covers such modern effects as slap pop and right hand hammering techniques while note reading is taught tablature is also presented

the bastard instrument chronicles the history of the electric bass and the musicians who played it from the instrument s invention through its widespread acceptance at the end of the 1960s although their contributions have often gone unsung electric bassists helped shape the sound of a wide range of genres including jazz rhythm blues rock country soul funk and more their innovations are preserved in performances from artists as diverse as lionel hampton liberace elvis presley patsy cline the supremes the beatles james brown bob dylan aretha franklin jefferson airplane and sly and the family stone all of whom are discussed in this volume at long last the bastard instrument gives these early electric bassists credit for the significance of their accomplishments and demonstrates how they fundamentally altered the trajectory of popular music

this book and accompanying audio are intended for the bass player who wants to stretch his or her limits and begin playing outside his or her comfort zone starting with just the right hand the material covers warm ups scales chords and etudes that will help you develop ideas and expand your technique different musical styles and time signatures are presented along with all the chords that comprise most western music working through this book will help you acquire limitless chops and become the bassist with the tastiest ideas the one that other musicians will want to play with be careful when you take this book to the woodshed because you might just

burn it down includes access to online audio

jason raso's soloing on electric bass a chord tone approach provides the next step following his first book for mel bay publications improvising on electric bass the primary focus of this second book is to help you develop a more melodic approach to solo bass playing the author suggests avoiding root notes concentrating instead on chord tones of a 3rd 5th and 7th as fertile ground to begin revising your approach to more creative soloing following a series of standard notation exercises exploring intervals and goal notes in all keys jason presents a dozen original solo etudes in notation and tablature

bass play 20 of bird's most signature saxophone renditions on the electric bass with this collection of transcriptions with tab songs includes anthropology billie's bounce bill's bounce chi chi dexterity donna lee k c blues my little suede shoes now's the time ornithology parker's mood scrapple from the apple yardbird suite and more

book the fender bass created 40 years ago by the inventive genius of leo fender still remains today as the definitive electric bass before fender there was simply no electric bass at all leo's design was so revolutionary that it rapidly became a classic an essential element which was responsible for defining the image of modern music every new bass is inspired more or less from his basic design the fender bass tells the detailed story of the electric bass through the different models and their improvements from their origins to the present form includes hundreds of black white and color photos of the basses and their most famous players

the double bass the preferred bass instrument in popular music during the 1960s was challenged and subsequently superseded by the advent of a new electric bass instrument from the mid 1960s and throughout the 1970s a melismatic and inconsistent approach towards the bass role ensued which contributed to a major change in how the electric bass was used in performance and perceived in the sonic landscape of mainstream popular music investigating the performance practice of the new melodic role of the electric bass as it appeared and disappeared in the 1960s and 1970s the book turns to the number one songs of the american billboard hot 100 charts between 1951 and 1982 as a prime source through interviews with players from this era numerous transcriptions elaborations of twenty bass related features are presented these are juxtaposed with a critical study of four key players who provide the case studies for examining the performance practice of the melodic electric bass this highly original

book will be of interest not only to bass players but also to popular musicologists looking for a way to instigate methodological and theoretical discussions on how to develop popular music analysis

the changes wrought by the midi and microcomputer revolution in the 1980s have dramatically transformed the world's music listeners now expect much more from the electronic music composer and performer not only in audio quality but also in skill and versatility across styles however to date there has been no comprehensive source of information to ground the synthesizer artist in the requisite technologies and techniques

this indispensable handbook helps players of all levels produce better more creative and more varied bass lines divided into two sections playing your bass and knowing your bass it covers everything from tuning reading music scales and chords and advanced techniques to tips on buying and upgrading a budget bass and troubleshooting along with a list of suggested listening and a reference guide this book provides an unrivaled digest of bass information that might otherwise take an entire career to amass
